Big Majority Favored Prop-
osition but 81 Less Than

ONLY TWO PRECINCTS
RETURNED MAJORI-
TIES AGAINST IT

HALF THE VOTE NOT OUT

Question of Issuing \$30,000
for a Municipal Light
Plant Submitted to Elec-
tors Tuesday, After Sev-
eral Weeks' Discussion By
Friends and Opponents of
City-Owned Utility.

Newark voters Tuesday failed to ap-
prove of the proposition to issue \$30,-
000 worth of bonds for reconstructing
the municipal electric light plant at
the waterworks station. According to
official figures, tabulated by the board
of elections, the majority vote was 81
short of the two-thirds necessary to
issue the bonds.

The 3,000 votes cast represented
much less than half of the total vot-
ing strength of the city, indicating
that many Newark voters took little
interest in the proposition.

Newark has more than 7,000 voters,
according to the registration figures
last fall. The total vote cast Tuesday
was 3,020. Of this number 1,932 favored
the bond issue and 1,088 opposed the
bond issue.

Friends of both sides of the propo-
sition claim to find reasons for con-
solation in the results of the special
election. Those who opposed the is-
sue of bonds claim that the voters
polled in favor of the issue, repre-
sents the entire strength of those who
favor municipal ownership. On the
other hand the friends of municipal
ownership claim that the majority of
the Newark people favor the public
ownership of utilities as is indicated
by the majority of 844 returned in
favor of the bond issue.

It was also pointed out Wednesday
that three more votes in each precinct
in favor of the bonds would have re-
sulted in the adoption of the propo-
sition by a safe margin.

While the vote indicated that there
was not sufficient interest on the part
of many of the voters to take them to
the polls, interest in the result was ap-
parent when soon after 6 o'clock the
telephone bells in The Advocate of-
fice began ringing. Until long after
8 p. m. the calls continued to come
in, those interested asking the results
of the count.

Counting the ballots was a simple
matter. The first precincts reported
to the board of elections at the city
building before 6 o'clock. Seven pre-
cincts had been reported at 6 o'clock.
After that hour the reports came in
rapidly. By 7 o'clock all precincts had
reported and the result was known,
though it was apparent early in the
game that there was little chance for
the bond issue to get the two-thirds
vote required to adopt the propo-
sition.

The heaviest vote cast was in Pre-
cinct A of the sixth ward. Just 150
votes were cast in that precinct—94
for and 56 against. The next heaviest
vote cast was in Precinct B of the
sixth ward, which is bounded by the
"west side of Hudson avenue, the east
side of Fourth street, on the east and
west; Charles and Elizabeth streets on
the north and Log Pond run on the
south. There were 149 votes cast in
this precinct—58 for and 91 against.
This precinct and D of the sixth are
the only precincts which returned a

ACCUSATION OF DEMO-
CRATIC CONSPIR-
ACY MADE.

R.S. CAMPBELL APPOINTED

In Licking County to Suc-
ceed William H. Ander-
son Who Resigned Re-
cently—Action of Execu-
tive Most Drastic of Any
Yet Taken By This Ad-
ministration.

(Associated Press Telegram.)
Columbus, March 31.—Appoint-
ments of district tax assessors in
forty-three counties were announced
at the governor's office today. The
appointments in six of these counties
were made recently and the action
of today was in the nature of re-
appointments of that number.

The state tax commission met at
8 o'clock this morning and in com-
pliance with the order of Governor
Willis, removed from office the 102
district assessors of the various coun-
ties of the state. These assessors
will hold their positions until their
successors are appointed and quali-
fied. The commission excused A. B.
Peckinpaugh, the Democratic mem-
ber, from taking part in the removal
action, the voting being done by the
two Republican members, J. H.
McGifford and James Boyle.

After meeting, they notified the
governor of what they had done. The
newly appointed assessors will be
summoned to Columbus probably to-
morrow for conference with the
commission with regard to their du-
ties. Attorney General Turner has
been asked to draw up a new form
of bond for the newly appointed as-
sessors.

Plans for the wholesale dismissal
of district tax assessors were made
by the state tax commission this
morning. They were the result of
the formal request made upon the
state commission by Governor Willis
last night following the defeat in
the house of the Beitlet tax emer-
gency bill which sought to place the
duties of the tax assessors in the
hands of the county auditors.

There are 102 district assessors in
the state, or two in each of the 14
largest counties and one in each of
the remaining 74 counties. In the
latter counties the incumbents are all
Democrats. In the 14 larger coun-
ties the incumbents are for the most
part Democrats and Progressives.

The list announced today does not
include the assessors for any of the
larger counties and it is understood
they will be announced tonight. Only
one assessor was appointed in But-
ler and Summit counties and as these
counties are entitled to two each,
another assessor will be announced
later.

The salaries of the district assess-
ors range from \$1,200 in the small-
er counties to \$5,000 in the larger
ones.

The executive offices were throng-
ed with members of the legislature
and politicians this morning, before
the appointments were announced.
They eagerly scanned the lists as
they were given out.

Much interest is being displayed
over the positions in the larger coun-
ties and indications are that the

Japan's Ultimatum May Soon be Sent to China; In Diplomatic Deadlock

(Associated Press Telegram.)
Peking, March 31.—In diplomatic
circles, the situation arising from
Japan's demands on China is regard-
ed as more serious today than at any
time since the efforts to this end
were inaugurated.

After further consultation between
President Yuan Shi Kai and Foreign
Minister Lucheng-Hsiang, the Chinese
persist that they cannot accord
absolute extra-territoriality to Japan-
ese immigrants in Manchuria and
at the conference of yesterday, M.
Hioki, the Japanese minister, refused
to discuss this question further.

It is believed in Peking that the
conference to take place tomorrow
very probably will bring a break in
the deadlock over this question
which has lasted for a number of
weeks. Failing to break the dead-
lock it is felt in some quarters that
Japan will present an ultimatum.

The conference held yesterday be-
tween the Japanese diplomatic repre-
sentatives here and the Chinese
statesmen who are discussing the
Japanese demands upon China, saw
M. Hioki, the Japanese minister, as-
sume an attitude of firmness. This
the Chinese today declare was quite
expected and they fear it indicates

the exertion of further pressure up-
on them.

M. Hioki said it was unnecessary
to continue the discussion of articles
II and III concerning Manchuria and
article II of the "Hanyehping"
group. These articles have been dis-
cussed at a number of the recent
conferences, but without result.
Lucheng-Hsiang, the Chinese foreign
minister, was unwilling to agree to
them; consequently the conference
proceeded to the discussion of other
articles.

Although the Chinese originally
declared their determination to dis-
cuss only twelve articles with the
Japanese, they are now talking of
articles beyond this number. The
Shantung preamble and the four ar-
ticles of this first group already have
been accepted with certain minor
modifications which have been trans-
mitted from here by telegraph.

Two More British Steamers Sunk by German Submarines Off Sicily Islands, Is Reported

(Associated Press Telegram.)
London, March 31.—The Ellerman
line steamer Flaminius with a gen-
eral cargo from Glasgow to Cape
Town, was sunk off the Sicily Is-
lands, Monday, March 29, by a Ger-
man submarine—U-28. The mem-
bers of the crew were saved.
The British steamer Flaminius
was of 2,218 net tons. Shipping re-
cords located her at London on Mar.
28d.
The Flaminius sighted the U-28
at 1:15 o'clock Monday afternoon.

WALKER KNOWS THE GAME THAT NO MAN HAS EVER YET WON.

(Associated Press Telegram.)
New York, March 31.—John
Brisben Walker, formerly a
magazine publisher here, now
retired to a Colorado estate, an-
nounced through the Editor and
publisher today an offer to give
a site of forty acres at Mount
Morrison, Colo., to establish a
home for newspapermen. Mr.
Walker stated that he had
reached the decision to offer
the gift after conference with
New York journalists.
In his announcement, Mr.
Walker declared that "although
no profession makes more ser-
ious demands upon the health
of its members than that of
journalism, no attempt has
been made up to this time to
establish a country home where
those who have given their best
efforts to the press may find a
retreat in the event of tempo-
rary or permanent breakdown."

INCREASE

FOR EMPLOYEES OF ANTHRACITE
MINES ORDERED BY UNITED
STATES JUDGE

Who Acted as an Umpire in Arbi-
tration of Question of Wages,
With Operators.

(Associated Press Telegram.)
Hazleton, Pa., March 31.—That elec-
tricians, electricians' helpers, watch-
men, fire bosses, stable bosses, en-
gineers and other monthly men in and
about the anthracite mines are en-
titled to a wage advance of 10 per cent,
dating from the amended agreement in
effect between the operators and their
employees since 1912, was decided to-
day by former United States Judge
George Gray of Wilmington, Del., as
umpire for the anthracite conciliation
board. The decision sustains the
grievance of the stable bosses, en-
gineers and fire bosses of the Pan-
coast Price Coal company of Throsp,
Lackawanna county, who got a 5-1-2
per cent wage advance in 1912, when
the mines received 10 per cent under
the contract which went into effect
that year. Judge Gray rules that the
agreement embodied all employees in
and about the mines, although prior
to 1912 many of the monthly hands
had not been considered subject to the
1902 award of the strike commission
named by President Roosevelt. The
company contended that the wages of
these men had gone up through volun-
tary grants from \$60 to \$80 a month
in the last thirteen years, but Judge
Gray rules that despite this they must
be paid the 10 per cent increase. This
means back pay to the extent of \$300
to some of the workers.

As the Political Signifi-

(Associated Press Telegram.)
London, March 31.—The battle of
the Carpathian passes now rivals the
bombardment of the Dardanelles in
political possibilities. German experts
assert that the efforts being made by
Russia are of such vital importance,
politically, that the supreme command
of the Teutonic allies is justified in
exerting every effort to check the in-
vader there.

According to this view of the situa-
tion a sudden and dramatic influx
of Muscovite hosts through the Car-
pathians into Hungary might stir the
Balkan nations to action long before
the tedious attack of the allied fleet
on the Dardanelles attains anything
approaching a definite result. Pet-
grad has officially warned the Rus-
sian people not to expect an early cap-
itulation of Constantinople. There
are no signs, however, that the allied
fleet has given up the attack, as has
been claimed. The allied fleet is still
in the straits, and the Russian de-
fenses of the straits while the Rus-
sian assault on the Bosphorus has
merely been interrupted by a thick
fog.

On the western front the Germans
are reported to be giving up their
plans for breaking through the de-
fenses of the allies near the coast
along the Yser. They are making a
new effort along the fortified Franco-
German border by bombarding the
fortress of Verdun. The reported
withdrawal of cavalry from the Yser
front, however, is of no great signifi-
cance, since the use of this arm of the
service in that vicinity is greatly re-
stricted on account of the floods. At
the same time the continued bom-
bardment of Neuport indicates that
the Germans are still opposing any
extension of the allied line along the
Belgian coast. Internally, England is
still concerned over the drink situa-
tion. The Liverpool dockers show
no indication of yielding from their
demands. Commercial bodies are
coming forward with offers to back
the government in drastic action
against the drink evil, while the
liquor interests are beginning to ex-
press fear of severe government reg-
ulations.

Russians Exterminated Entire German Divisions Trying Flank Movement

(Associated Press Telegram.)
Petrograd, March 31.—Via London.—
The long silence in Petrograd con-
cerning the operations on the German
front was broke today by an authen-
tic report of a daring German man-
euver in the Niemen river district
which, according to this information,
began abortively and ended in failure.
The gradual withdrawal of the cen-
tral part of their tenth army, a move
calculated to draw all the Russian
forces into the advance between Su-
walki and Kalvaria, was to be follow-
ed, according to the Russian inter-
pretations of the German plan, by a
quick encircling movement of their
left flank from the vicinity of Lake
Dusa and Lake Nimno to the rear
Tait, it was planned, would cut off the
retreat of the advancing Russians, and
at the same time they would be on-
sanked.

Man Arrested Upon Suspicion Of Having by Design Set Off Explosive Which Endangered Lives On Liner

(Associated Press Telegram.)
Paris, March 31.—Raymond Swoboda, one of the passengers aboard
the French line steamship La Touraine,
which was imperiled by a fire
at sea on March 6, has been arrest-
ed, charged with setting fire to the
vessel, according to the Matin.
Swoboda, the paper asserts, is sus-
pected of having "close relations
with the enemy," and correspond-
ence found in his rooms is said to
indicate he had been charged with
the task of blowing up the Touraine.
He has been taken to Havre.
Investigation made by experts ap-
pointed by Admiral Charlier, who is
conducting the inquiry into the
steamship fire, has established, it is
said, the fact that the blaze aboard
the Touraine must have been caused
by the explosion of some detonating
device. Statements made by passen-
gers and members of the crew sup-
port this theory. The explosion was
sufficiently violent to wrench loose
the doors of cabins nearby. The au-
thorities believe the explosive had

been placed with criminal intent in
a trunk which was stored with the
baggage of first class passengers in
No. 2 hold.
With this report of experts at
hand, the state's attorney at Havre
examined as many passengers as
could be reached. The witnesses
stated, according to the Matin that
they had been amazed at the state-
ment made one night during the voy-
age by a fellow passenger when they
were discussing German threats to
torpedo ships passing through the
war zone. This passenger is quoted
as having remarked:
"Oh, that isn't the only war zone
that would be dangerous. Germany
is strong enough to do what she
wants. This ship herself, even be-
fore she reaches the war zone, might
be obliged to have recourse to the
doctors and nurses aboard to care
for the passengers."
Only passing heed, however, was
given to this assertion.
The passenger in question, who
was quoted as having boasted of Ger-
many's power, was listed on the
ship's records as "Raymond Swobo-

AMERICAN MAY HAVE LOST LIFE ON THE FALABA

(ASSOCIATED PRESS TELEGRAM)
London, March 31.—Leon Chester Thrasher, who was among the 111 persons who lost their lives when the British steamer Falaba was torpedoed last Sunday by a German submarine in St. George's channel, probably was an American citizen, although the officials of the Broomfield Mines company, which had employed him to go to the gold coast, did not see his passport and have no positive proof of his citizenship.

When the company was arranging Mr. Thrasher's insurance he said he had no relatives or friends in America to whom he wanted the money paid; consequently the insurance was made out to the company.

Mr. Thrasher applied to the Abosso Gold Mining company at its gold coast headquarters for work as a mechanic last year. His services were satisfactory and the company remitted money for him to New York. Thrasher was employed by the Panama Railroad company from 1909 to 1913, and in 1908 he worked in Ecuador on the staff of C. E. Roberts, chief engineer of the Guayaquil Quilic Railroad.

THRASHER FAMILY HAS APPEALED TO STATE DEPARTMENT

(ASSOCIATED PRESS TELEGRAM)
Hardwick, Mass., March 31.—Leon Chester Thrasher, one of the passengers whose lives were lost when the British steamer Falaba was sunk by a German submarine off the coast of Wales last Sunday, was a citizen of the United States. He was born in this town in 1884.

The Thrasher family had appealed to Washington to learn the circumstances of the death of Leon. Mrs. Austin M. Thrasher of West Springfield, communicated by long distance telephone with Congressman Frederick H. Gillett, who she said, promised to cable Ambassador Walter Hines Page at London, asking the latter for a complete report on the death of her brother-in-law.

The citizens committee which conducted the campaign for the bond issue was active Tuesday and was the only organization represented at the polls when the count was made. Inspectors certified by the election board represented the committee when the count was made.

The assertion was made Tuesday that 2000 copies of The Ohio State Journal, which contained an advertisement Monday, stating that current was sold as low as three-quarters of a cent per thousand there, were circulated in the city.

RIOTING FOLLOWS STREET CAR STRIKE IN SEATTLE, WASH.

(ASSOCIATED PRESS TELEGRAM)
Seattle, Wash., March 31.—Police were kept busy today preventing attacks on street cars as a result of a strike called last night by employees of the Seattle lines of the Puget Sound Traction, Light and Power company. Rioting followed soon after a vote to strike had been taken at a mass meeting of all labor unions held by the central labor council. The strike was called in an attempt to compel recognition of the union.

Railroad Lawyer Ends Argument In Wage Controversy

(ASSOCIATED PRESS TELEGRAM)
Chicago, March 31.—James Sheehan today completed his argument in behalf of the western railroads in the wage arbitration case and Warren Stone, head of the Brotherhood of Locomotive Engineers began the closing argument for the 64,000 engineers, firemen and hostlers who seek more pay. Mr. Stone expected to conclude before night, which will put the completed case in the hands of the arbitrators. An award will be made on or before April 20.

HEROES IN THE TRENCHES.

Paris, March 31.—These men in the trenches must keep incessant vigilance against sudden attacks by the enemy. The men who serve the artillery fire day and night oftentimes at an enemy that never is seen.

Medical science will save more lives this year than war will take, no matter how terribly murderous that war may be. Then, too, the food supply is very carefully looked after by the commissariat. The food supply of the soldiers must be wholesome. Living in the open air, the men are able to digest hard-tack with great relish. Napoleon said, "An army fights on its stomach." A man with a weak stomach is pretty sure to be a poor fighter. It is difficult—almost impossible—for anyone, man or woman, if digestion is poor, to succeed in business or socially—or to enjoy life. In tablet or liquid form Dr. Pierce's Golden Medical Discovery helps weak stomachs to strong, healthy action—helps them to digest the food that makes the good, rich, red blood which nourishes the entire body.

This vegetable remedy, to a great extent, puts the liver into activity—oils the machinery of the human system so that those who spend their working hours at the desk, behind the counter or in the home are rejuvenated into vigorous health.

It has brought relief to many thousands every year for nearly fifty years. It can relieve you and doubtless restore your former health and strength. At least you owe it to yourself to give it a trial. Sold by medicine dealers or send 50 cents for box of tablets—Dr. Pierce's Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

You can have Dr. Pierce's Common Sense Medical Adviser of 1-108 pages in cloth binding, fully illustrated with colored plates, for 3 dimes or 30 cents.

Read all about yourself, your system, the physiology of life, sex problems, marriage relations, anatomy, hygiene exercise, disease and its prevention, simple home cures, etc.—Adv.

PETITION SIGNED BY BUSINESS MEN FOR MR. NEWTON

Acting upon the recommendation of inspectors, the post office department at Washington recently directed Congressman Ashbrook to nominate a candidate for postmaster of Newark by May 1st.

The Licking County Democratic executive committee met a few days ago and unanimously adopted a resolution urging the retention of Postmaster Newton.

This morning Mr. Newton secured the following signatures among local business men and was not refused by any to whom he presented the paper:

"J. H. Newton has reached such an advanced age and degree of senility, and is in such a weak condition physically, that he is absolutely unable to perform any official duties whatever, except that he occasionally signs some of the official papers when directed by the Assistant Postmaster. While he visits the office usually for a short time every day yet he spends his time mostly either in reading, dozing or writing personal letters. He had doubtless been in his younger years a capable person. He bears a good reputation and stands well in the community but he is absolutely unfit in every respect for the position he holds and if he will not tender his resignation he should be removed."

Birdseye, Inspector.
We, the undersigned bankers, business and professional men of Newark are in such communication with Mr. Newton as to know that the above charges as to his incompetency are unfounded, baseless, false and unjust, and as he has rendered entire satisfaction to the public as Postmaster, we urge his retention in the office.

governor will be besieged all day with friends of applicants.

Former Congressman John J. Whitacre, of Canton; E. A. Crawford and D. S. Creamer of Columbus and other acknowledged leaders of the so-called "True Democracy league" were callers at the governor's office this morning and it was the impression here that their organization was considered in making the appointments.

Appointment of assessors for Cuyahoga Hamilton and Lucas and Montgomery and Franklin counties were delayed until the governor could hear personally from differing political factions in these counties. It was said at the governor's office these probably would not be named before tonight.

It cost more than \$100 to dismiss the 102 Warner law district tax assessors today by telegraph. As fast as new appointments were certified to the tax commissioners were sent to the old assessors, saying: "Your successor has been appointed. Letter of explanation follows." Appointees also were notified by telegraph.

In a few cases former tax assessors were reappointed, on the ground that they had made good records and are not hostile to the present administration. This was notably true in Jefferson county.

Long distance telephone and telegraph were used continuously by the governor's office in reaching county organizations or prospective nominees. In many cases meetings of county committees were ordered to be held before noon, over telephone, if necessary, to determine local organizations' choice for appointment. The atx commission by wire called a meeting of all new appointees to be held here tomorrow morning.

when they will be given instructions concerning this year's work. It was said meetings probably will be held by the new appointees with ward and township assessors Saturday, as had been planned for the former district assessors before the governor's wholesale dismissal order became known.

ASSESSOR ANDERSON READY TO TURN OVER OFFICE TO SUCCESSOR

Tax Assessor Wm. H. Anderson and his assistants have been busy the past couple of days putting up supplies for the assessors who will possibly start on their duties next Monday. Mr. Anderson, who lately resigned his office, has every thing in first class shape for his successor in spite of the fact that many Republican papers would have their readers believe that the Democratic Tax assessors were attempting to embarrass the Willis administration.

Mr. Anderson, the retiring Assessor, said this afternoon in an interview regarding his successor:

"I have known Mr. Campbell for a number of years and regard him as a man qualified in every way to fill the office from which I retire."

"Mr. Campbell will have whatever assistance I can render him, and I am sure he will give the taxpayers a square deal and will fill the functions of this most important office in a manner entirely satisfactory to them."

CHURCH DIGNITARY DEAD.

Swoboda," he said, "but he always was perfectly honorable in his dealings with me."

"I know that he was formerly employed in a large Paris bank and I was not astonished at his wide knowledge of finance. I know also that his business brought him a large income."

WHEN SWOBODA SAILED PRESENTED ALLEGED PASSPORT AT OFFICE

(ASSOCIATED PRESS TELEGRAM)
New York, March 31.—The circumstances under which Mr. Swoboda sailed aboard La Touraine, Feb. 27, were clearly recalled today at the office of the French line here.

Mr. Swoboda, it was said, came into the office of the line on Feb. 26, the day before the steamer sailed, and, presenting what appeared to be an American passport, vied by the French consul here, said he wanted to engage passage to Havre.

The clerk, when he engaged in conversation, recalled him today as a pleasant spoken man of about 37 years, wearing glasses, who said that he expected to sell supplies to the French government.

The nature of these supplies, so far as could be learned, was not stated. Mr. Swoboda did say, however, the clerk recalls, that he wanted to take aboard samples of the supplies and to do so would prefer to have them shipped with him as excess baggage. The clerk is under the impression that the supplies had something to do with the use of gasoline—interferentially a gasoline engine of some sort.

Swoboda gave his full name as Raymond Rolf Swoboda. This was the name the clerk remembered, that appeared on the paper which he thought to be a passport. He told the clerk that he was staying at the Manhattan hotel, this city. The hotel records show that P. R. Swoboda was registered there Feb. 24 and remained there three days.

P. R. Swoboda registered from Paris.

A search through the records of the French line disclosed that a M. Swoboda (Monsieur Swoboda) was a passenger aboard the steamer Rochambeau leaving Havre Jan. 6 and arriving here Jan. 14. There was

MANY CHANGES BEING MADE BY BUSINESS FIRMS

The most noticeable vehicle in the street traffic of the past few days is the moving van, and in business circles the first of April marks a change in the location of many firms, while others have started the work of remodeling and enlarging stores.

The Munson Music company, which has long occupied a part of the corner in West Main street, is now located in the new quarters at the Fourth street entrance to the Arcade. The Christian tailoring shop will move into the part of the room vacated by the Munson company. Work of remodeling the former Christian store in West Park Place, just south of Main, has started and it will afford up-to-date accommodations for the United Woolen Mills company, which is temporarily located in South Third street.

The room made vacant by the Conrad grocery moving into the new room in the Masonic Temple, is being completely changed to accommodate the offices of the Ohio Light and Power company.

Where formerly there were three hardware companies in West Main street, but one remains. The New ark hardware company is moving into the room in South Park Place, formerly occupied by the Pioneer John grocery, and the Coulter-McKay company has been occupying for a few weeks their new location in the Arcade, which was vacated by The Fair.

The D. L. Jones Hardware company, 12 South Third street, is greatly improving their store-room by the placing of a native new front, thus affording attractive display windows. The Crane-Kreig Hardware company in South Park Place, has also remodelled by the placing of a new front in their store-room.

The board of elections is now nicely located in the new room in the city building, and the Dixie Coal company has taken for offices the room just off the Arcade formerly occupied by the MacEwen Beauty Shop. Mrs. MacEwen now being in the Arcade.

NEURALGIC PAINS

These may be felt in any nerve of the body but are most frequent in the nerves of the head. Neuralgia may be caused by a decayed tooth, eye-strain or a diseased ear but the most common cause is general debility accompanied by anemia, or thin blood.

For this reason women who work too hard or dance too much and who do not get sufficient rest, sleep and fresh air, are the most frequent sufferers from neuralgia and sciatica, which is neuralgia of the sciatic nerve.

Nutrition for the nerves is the correct treatment for neuralgia and the only way to nourish the nerves is through the blood. Dr. Williams' Pink Pills supply to the blood just the elements it needs to increase its capacity to carry nourishment to starved nerves. They have proved helpful in so many cases of neuralgia and sciatica that a sufferer from these troubles is fully justified in giving these pills a trial. Dr. Williams' Pink Pills contain no harmful or habit-forming drugs and may be taken for any length of time with perfect safety.

The pamphlet "Diseases of the Nervous System," is free to you if you mention this paper. Address: The Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills.

COW TESTING

OPPORTUNITY FOR MILK PRODUCERS TO FORM ASSOCIATIONS FOR THIS PURPOSE.

Prof. Oscar Ehl, of O. S. U., the leading authority of Ohio on the subject of dairying, also Mr. H. P. Davis of the dairy division of the National Department of Agriculture, headquarters Washington, D. C., will speak at Newark, O., Monday, April 5, 1 p. m., standard time, at Taylor Hall, Y. M. C. A. building. Admission free. All farmers interested in owning better cows and producing more milk per cow, because of proper feeding, should attend this meeting.

These associations are run by the dairymen themselves. If you are a dairyman come and help decide whether you will form an association which for a small monthly membership fee is capable of maintaining by means of a trained man employed for the service of all, a constant test record of your herd and thereby showing you at all times whether you are getting a proper return for the feed your herd is consuming.

These experts who will speak are provided by the generosity of the government, and it is desired that all dairymen be present.

The incidental expense and the general promotion and supervision of this meeting is being provided for by the undersigned company in the general interest of the dairy industry of the community.

PRESTIGE GAINED BY ITS GERMAN ORIGIN

Nerv-Worth Formula Prescribed by Highly Skillful Berlin Physician.

Actual and prospective users of Nerv-Worth often ask about its origin. Nerv-Worth is made from a prescription given by Dr. Theilbach, at the time a well-known nerve and stomach specialist of Berlin, Germany, to a Detroit, Mich., man who sought his help for nervous debility and indigestion while in the German capital. This traveler was in a bad way, but Dr. Theilbach's prescription so quickly and thoroughly brought back his health that on returning to this country he took steps to get the formula on the market, so that his fellow American sufferers might profit by it as he had done.

So great has been the success of this plan that in the cities where Nerv-Worth has been introduced—Zanesville, Dayton, Springfield, Newark, Canton, Coshocton and Huntington, W. Va.—more than 10,000 bottles of the remedy have been sold, every bottle upon a strict money-back guarantee. Nerv-Worth is sold by the T. J. Evans drug store, Warden block. \$1.00 a bottle, guaranteed.

FUNSTON

HURRIED TO BROWNSVILLE TO SEE THAT U. S. BORDER IS NOT VIOLATED.

Three Batteries of Artillery Are Ready to Protect City From Matamoros's Bombardment.

(ASSOCIATED PRESS TELEGRAM)

Brownsville, Tex., March 31.—Three batteries of the United States third field artillery arrived here early today to be ready, if necessary, to protect Brownsville when Matamoros is under attack. Major-General Frederick Funston, sent here by the war department to see that the American border is not violated, expressed himself as pleased at the prompt movement of Antonio yesterday.

Matamoros was quiet early today with no indications when the Villa troops would begin the attack, which has caused fear of risk to Brownsville through rifle or cannon fire. During the night two skirmishes were heard at widely separated points. One of these indicated that the Villa forces have penetrated to the river front below Matamoros, whereby cutting the city off and establishing from the Mexican side a nominal state of siege. This line is too long and the Villa troops too few to make such a blockade very effective at present.

RESTORES PLEASANT PLUMPNESS.

Samose Sold Under W. A. Erman & Son's "No Cure No Pay" Plan.

There are a good many people in Newark who ardently wish they could find some way of getting fat and plump. While not ill, yet they are so thin and scrawny that their friends think they cannot be well. In nine cases out of ten this condition can be readily overcome by using the combination of flesh-forming foods known as Samose. This little tablet taken three times a day with the food does wonders in building up good health and restoring the pleasant plumpness that is so desirable.

W. A. Erman & Son have the agency for this preparation and sell it with the promise that if it does not do all that is claimed for it in making people gain in weight and in health, the money will be refunded.

You certainly can afford to try a 50c box on this plan, as Samose will cost you nothing unless it gives satisfaction.

Granville

(Special to The Advocate)

Granville, O., March 31.—The Cicero-Irving contest, the great annual attraction for Doane Academy students and their friends, drew more than a capacity audience to Recital Hall last evening, March 30, scores of students standing in the vestibule. The club leaders, John Martin for Cicero and Dave Reese for Irving, did valiant service, and their respective followings, seated on either side of the center, responded with a will to the yells and songs demanded of them. After half an hour or more spent in thus inciting each other to great deeds, Dr. H. R. Hundley, Principal of the Academy took the chair and Prof. Spencer offered the invocation. The first number on the program was the debate on the question: Resolved, "That the United States Should Establish a Protectorate over Mexico." Affirmative, H. C. Phillips, Negative, J. S. Hammond. These youthful statesmen, showed a surprising familiarity with the topic and made their elders sit up and take notice, by their masterly handling of the arguments, pro and con. Mr. Phillips for the affirmative, while, perhaps, not voicing popular sentiment, brought more pressure to bear in his convincing arguments and remarkable control of his audience. He talked against time and his rapid-fire utterance was as clean cut and distinct as the most deliberate drawl. Mr. Hammond was a close second in every point. Phillips for Cicero won the debate. The orations were fine productions, full of youthful zeal and uplift. In the estimation of your correspondent, Mr. E. Davis, on the topic: "The Future American—What?" seemed a point or two ahead of his opponent, Mr. S. Collett on "Christianity in Relation to the War," especially in his delivery, which was marked by ease of manner and flexibility of tone most pleasing. The judges awarded the prize to Mr. Collett for Cicero.

The essays were of high degree of merit. "The Socialized Church" by Mr. E. D. Classman being well handled, and "Habits" by Mr. F. S. Barrett appealing more strongly to the judges who awarded him first prize for Irving. The declamations afforded opportunity for the historic ability of the contestants to manifest itself. Mr. J. S. McGruer, in his reading of "Catters' Saturday Night," won for Irving over H. G. Spencer in Mormonism. The music furnished was greatly appreciated by the audience. The judges who rendered the decisions were: Hon. F. S. Monnett, Columbus, Ohio; Sup. W. C. Bowers, Zanesville, Ohio; Prof. W. H. Siebert, O. S. U., Columbus, Ohio.

Counting by points, the decision of the able gentlemen awarded seven points to Cicero and three to Irving—and Irving need not be ashamed of that!

The Methodist church, Rev. J. A. Hawk, pastor, has been holding revival services every evening during the past ten days and has enjoyed remarkable success. Large numbers attend each service and great interest is manifest throughout the community, while Granville is essentially a church-going town still there is an element which belongs to no church and the Methodist brethren are trying to convince them that they should have a church home. Out of town pastors have been assisting during this week, and the meetings will continue until Easter.

The annual meeting and supper of the Baptist church will be held in the church parlors tomorrow (Thursday) evening at 6:00 o'clock under the supervision of Mrs. Lillie Prouty and the leaders of the divisions of the Social Union, Mrs. C. E. Frank, Mrs. G. W. Henderson and Mrs. Daniel Rogers. The company will assemble at 5:30 for a social half hour.

Mr. Howard Barrow who has been in Chicago and Cincinnati on business, has returned home.

The reception given by the active chapter of Kappa Phi Sorority in the chapter house yesterday afternoon, from three thirty to five thirty was a most delightful function. About one hundred and thirty ladies called during the afternoon. In the receiving line with the president Miss Margery Rettig were Mrs. Howard Barrow and Mrs. Karl Eschman.

Interest is increasing steadily in the meetings being held in the Granville M. E. church. The Gospel Teams of Denison have been a great help during the past week in conducting the meetings. The men of the church have canvassed the town and community in order to get a religious census. This canvass shows about one-third of the people outside of any church and about one-third of these without even a church preference. The women are being organized along with the men to do personal visitation work. It is the intent to give Granville a genuine revival of religious zeal if possible. This week the meetings will be held every night except Saturday. This evening the men of the church will conduct the service. Rev. B. F. Crawford and quartet of Pataskala will assist in the service of Thursday evening. On Friday evening the women of the church will have charge of the service. Good music all the time and everybody welcome.

BILL TO LIMIT LEGISLATURE TO 60 DAYS' SESSION

(ASSOCIATED PRESS TELEGRAM)

Columbus, March 31.—Ohio people may have a chance next fall to vote on a constitutional amendment limiting the length of all sessions of the legislature to sixty days. The house committee on constitutional amendments today reported out the bill resolution, proposing the submission of such an amendment, when Representative Hite, of Perry, the author, went before the committee and demanded action. No recommendation was made on the measure.

"I proposed this resolution in absolute good faith," he said to the committee. "There is no reason why the entire work of any legislature cannot be done in two months. There is no sense in such dilly-dallying as the legislature usually does."

House leaders today planned to send the Moore-Barnes civil service bill back to the house civil service committee for the second time, to effect a few minor amendments asked by Senator Moore of Jefferson, joint author of the measure with Representative Barnes of Hamilton. It also was understood another cause for this action is the protest raised by Representative Hoy of Jackson that his bill, similar to the Moore-Barnes measure, was ignored by the house civil service committee.

WOMEN'S LIBERTY BELL CAST IN TROY FOUNDRY

(ASSOCIATED PRESS TELEGRAM)

Troy, N. Y., March 31.—Women's suffrage leaders from New York, Pennsylvania and Massachusetts gathered today to superintend and celebrate the casting of a women's liberty bell in a local foundry. The bell was designed to be a duplicate of the famous liberty bell which announced the declaration of independence. When completed, it will be taken to Philadelphia and mounted in Independence Square. Eventually the suffragists said, they hoped to take the bell to Washington and hang it in "a campaign so beautiful that all the world will come to see it."

MASTER PLUMBERS FINED.

Des Moines, Iowa, March 31.—Four of the thirty-six master plumbers recently convicted in the federal court here for violating the Sherman anti-trust law, were sentenced today. J. P. Cunningham, of Kansas City, and George H. Wentz, of Lincoln, Neb., were fined \$500 and Robert Knauer, of Des Moines and H. B. McCarter, of Dubuque, Iowa \$1,000 each.

EXTRA SESSION OF DIET.

New York, March 31.—The East and West News bureau received today the following dispatch from Tokyo:

The emperor has called for an extra session of the Diet, to open on May 17 on a deontine for three weeks.

A curious law point as to aeroplanes has been raised in France. A landowner brought suit to compel a manufacturer of aeroplanes not to pass over his land at a height of less than 600 feet, alleging that the aeroplanes frighten away his game, were likely by landing to injure his crops, and might endanger workers in the field.

WILLARD

SENTIMENT IS INCREASING AND ODDS ON JOHNSON ARE BECOMING SHORTER.

Negro Said to be Having Difficulty in Finishing Training and Denying Himself Water.

Havana, March 31.—Arrangements have been completed for affording police protection for the crowds during the Johnson-Willard fight next Monday. The race track and Havana streets leading to stations of the electric line to the track will be policed by a double force. The mayor of Marianao, where the ring is situated, made arrangements with Colonel Hevia, secretary of the interior for guarding all parts of the track and ring with police in addition to which regular troops will be held in reserve nearby.

The trolley company is arranging a fast service from the center of Havana to the track, using extra cars on this line and on the lines from nearby towns as the demand warrants.

Sentiment in favor of Willard seems to be increasing rapidly and is affecting the betting odds. Plenty of money is still being offered on Johnson, but at shorter odds. Quotations now are generally less than 2 to 1. Willard backers are holding off in the hope of getting the former price of 3 to 1.

Reports are being heard with increasing frequency that Johnson is having difficulty in putting on the final edge. The drying out process is said to be extremely difficult for him on account of his age and he finds it a constant struggle to deny himself water.

It is now evident that Johnson will go into the ring heavier than in any previous fight, probably at 220 or 225 pounds. Otherwise he appears to be in fine condition. Nevertheless doubt is expressed quite generally that he can not go more than half of the 45 rounds. His best chance appears to be to beat down Willard during the first fifteen rounds. Willard is likely to attempt a slow holding fight during the early stages.

Batteries of All Medical Men Aimed at Fly

"SWAT the fly" This, in more elegant or scientific terms, is the latest slogan of the medical profession.

The edict has gone forth, and one of the most widespread crusades that have ever been preached has begun against the fly and similar disease carrying pests. Plans for conducting the same have been extensively discussed at medical meetings in this and other civilized countries, frequently, and the work of "educating the public" is well under way, as numerous magazine articles testify.

In an editorial note accompanying Dr. Henry Smith Williams' article "The Messengers of Death" in a recent periodical a hint of the attitude of science toward insect pests was given as follows:

"Science has issued an edict which, for the good of humanity, should be as unalterable as the laws of the Medes and Persians. It is 'Kill every creeping, flying thing that asks you for board, and don't overlook the rat.' Various insects and rodents have been found to be in league with death—to be, in fact, the only means whereby some of the world's most virulent diseases are carried from victim to new victim."

"Persistent, never let up warfare against them is the only way to rid a man of the dangerous enemies, which need only to be let alone to crowd him off the earth: * * * the messengers of death upon which an exterminating war should be waged, against which should be directed all the batteries of science. They won't let you alone. Get after them! And don't let mercy temper your warfare. Kill!"

The "batteries of science" are directed at the fly. No doubt about that. A peep into the medical journals is most convincing. Attending a medical meeting dispels all doubt regarding the seriousness of the purpose behind the movement.

THE TOWN BEAUTIFUL.

Movement to Distribute Flower Seeds Should Spread.

In Nebraska several public spirited communities have adopted the practice of distributing flower seeds to children in connection with the cleanup and paintup propaganda.

The children are instructed in the planting and care of flowers and also in the simple methods of digging gardens.

The practice is known as "the town beautiful movement." Many a yard after being cleaned up becomes a spot of real beauty when a flower garden decorates it. Even a back yard can be made a pleasure to the eye in this way.

TRY IT, NEIGHBORS!

A Cairo correspondent writes to the Manchester Guardian that, owing to the falling of the Nile, Egypt will have to import nearly all her rice this year. The Nile has not been so low for nearly two years, and the facilities for water storage have been insufficient to relieve the distress.

THIS is only the Easter bunny. Big and soft and white. With little pink nose, so funny. And little stub tail upright.

He's out on his annual errand. Locating nests today. Soon to be filled with eggs. Brilliantly colored and gay.

Don't forget to have yours ready. For on his nightly round. He hippety hops in a hurry. And late ones won't be found.

EASTER'S MESSAGE.

It Teaches Us to Rise Anew From Our Selfishness and Sin.

This, to my mind, is the message of the Eastertide.

We may interpret the resurrection in a dozen different ways; we may believe or not believe that this miracle took place as reported in the gospels. But that Jesus was never slain by the soldiers of Pontius Pilate, but lived to rally his disciples after the agony and terror of Golgotha, to capture Paul and lead him over stormy seas and desert wastes for the preaching of his word, to call "the glorious company of the apostles, the noble army of the martyrs," in all ages and places into the service of his kingdom; to speak to us today as he has "spoken of old time unto the fathers" and to "challenge us to live and die for him and his great cause of righteousness"—all this is as certain as that his body was nailed to the cross of Calvary. After the crucifixion, as before, Jesus was alive. He has been alive in every age, even the darkest, that has succeeded upon the hour of this mortal agony, and he is alive today more truly and wonderfully than he has ever been before in human history. Of this we can be sure!

But what about ourselves? Are we also alive—alive as the eleven were alive when they reassembled in Jerusalem and gave themselves anew to the kingdom of God on earth? Have we arisen from our selfishness, cowardice and sin to meet the risen Christ and pledge our hearts to his, or are we dead, as dead as Judas when the first Easter dawned upon the world? This is the question which this latest Easter puts to us. It is not so much the resurrection of Jesus as of ourselves which need concern us.—Rev. John Haynes Holmes, New York City.

VICTOR HUGO'S EASTER HOPE.

I feel in myself the future life. I am like a forest once cut down—the new shoots are stronger and livelier than ever. I am rising. I know. I know the sky. The sunshine is on my head. The earth gives me its generous sap, but heaven lights me with reflection of unknown worlds.

You say the soul is nothing but the resultant of the bodily powers. Why, then, is my soul more luminous when my bodily powers begin to fail? I know the sky. The sunshine is on my head. There I breathe at this hour the fragrance of the lilacs, the violets and the roses as at twenty years.

When I go down to the grave I can say, like so many others, "I have finished my day's work." But I cannot say, "I have finished my life." My day's work will begin the next morning. The tomb is not a blind alley; it is a thoroughfare. It closes on the twilight; it opens with the dawn.

In the Tyrol.

In the Tyrol the Easter festival is one of great ceremony. During the Easter holidays bands of musicians visit every valley, singing beautiful hymns to the accompaniment of their instruments as they pass along, men, women and children joining in the chorus, bearing lighted torches of pine wood.

Mr. and Mrs. M. D. Snyder called on Mr. Elza Myers and family Saturday evening.

April Fool's Day.

April First used to be a pretty big day when one was a kidlet. And years ago about everyone used to enter into the frolic of the occasion. Many wives made it a regular proceeding to fool their husband before breakfast. The husbands worked all day to break even.

Wool doughnuts, placards pinned to the backs of substantial and dignified citizens, purses attached to the sidewalk, these were a few of the standard jokes from which no one was immune.

Confiding youngsters were sent after strap oil, pigeon milk, round squares, left handed screw drivers. Grown men spent considerable time and ingenuity in working off these ancient jokes on the youngsters. Often the joking was of a rather practical and perhaps serious nature.

Today April Fool, like St. Valentine's, seems mostly a kid holiday. Youngsters toil diligently in their somewhat obvious efforts to deceive their elders. But in the busy working life of today, the grown-ups no longer seem to have any time to enter into kid frolics.

Newspaper Errors.

The capacity of some people for detecting errors in the newspapers is marvelous. Also it is singular how many unexpected meanings these people can find.

If the reporter writes that a man wore a coat of such and such a character, some one may call up and ask if the coat was all the man had on? To satisfy these literatists, you must enumerate item by item the other articles of attire, or they will accuse you of making the victim appear half naked.

The reader, who digests his paper in the quiet of his home feels that he has shown great brilliancy if he detects an error in grammar or capitalization. It is one thing to find mistakes at your leisure in another man's work, quite another to turn out high degree of accuracy and precision in the haste of newspaper composition.

The banker makes blunders in his figures, the lawyer draws up incorrect papers, and the business man submits erroneous bills. Such blunders are known only to the few persons whom they concern. The newspaper man is like the actor on the stage, whose slightest slip is manifest to all and seems ridiculous.

It would be perfectly possible to produce a newspaper having the same high degree of accuracy as the best edited magazine. But this would either cost about twice as much for a more costly force, or else the scope and field of the newspaper would have to be reduced and less matter printed. The public would not pay the bills in the first case, and it would not be satisfied with curtailment of service. So the newspapers struggle along as best as they can in their eternal effort to accomplish that impossibility, a snap shot of daily life that shall be

Talk On Thrift

BY T. D. MAC GREGOR

Your Boy's Chance in the World.

"The dazzling attractions of a luxury-loving age constitute the greatest possible danger to American education."—President Faunce of Brown University.

It's a fine Sunday afternoon. Proud and happy father is giving Baby Boy an airing and getting a lot of good from the exercise himself. The youngster's asleep now, so we'll just join Daddy and have a quiet talk with him about his son's future.

"What are you going to do to give that boy of yours a start in life?" we ask.

"Why, we're going to feed him, clothe him and try to keep him well," says the fond parent. "We'll send him to public school and Sunday school. He will have good books to read, good playthings and good playmates."

"That's fine," we reply, "but how is he going to learn thrift and the value of money?"

"Well, my theory is," replies the young father, "that if my child is given all those things I have mentioned he will be pretty well able to take care of himself when the time comes. Of course, I'm carrying some life insurance for the benefit of my family."

"That's all right," we reply, "but do you realize that learning the value of money by beginning to earn it and save it in his boyhood will do more to insure your boy's success than almost any other one thing? It will create in him a habit which will be of lifelong benefit. And if you open a savings bank account in his name and keep it up faithfully, eventually, with his assistance, you can accumulate a really worth-while fund from money which you otherwise might waste."

"By George, there's a good deal of truth in that. I never looked at it like that before," says the young father, just as the baby wakes up and begins to say "Dad, Dad."

"I'll start that savings account tomorrow," is his parting remark as we take leave of him.

Now just a word to parents of older boys. Your boy is busy every day laying the foundation for his career. His daily practices are becoming his fixed habits. If an "easy spender" now he will have much to undo before he "finds himself."

A savings account at the bank will help your boy to gain poise as well as capital. Its effect upon his life will depend upon the attention he gives to it. Will you help and encourage him in this direction?

It All Depends.

Dr. Harvey W. Wiley announces that "women may be kissed on the cheek without injurious effects." Under certain circumstances they may.—Chicago Herald.

Getting It Both Ways.

The Economical Swat.

Slow as Usual.

In its march of invasion the jitney bus has already reached New England, and Providence and other cities are wrestling with the problem of how the newcomer shall be regulated. It is at all. Where are Philadelphia's jitneys? There was much brave talk about them a few weeks ago. Is nothing to come from it?—Philadelphia Record.

Not Interested.

George B. Cortelyou seems to be doing so well in the gas business down in New York that he doesn't even clear his throat, shuffle his feet or start to make an explanation of former campaign contributions when the Republicans get to wondering whom to nominate in 1916.—Ohio State Journal.

Need for Haste.

Jane Addams has decided to appeal to President Wilson to call a conference of plenipotentiaries of all the

world, to meet in the United States as soon as possible and take steps for the ending of the European war. If Miss Addams doesn't get a move on her there won't be any neutral nation to call in—at least, from Europe.—Detroit Free Press.

Appropriate Name.

The Arizona, superadmiral, will be launched next June. Arizona is far from the head of the list of states, but the name brings sand, cactus and a population with guns in their belts to mind, and so it is a good name for a fighting ship.—Buffalo Enquirer.

The Militaristic Way.

Jane Addams thinks the militarists should apologize. But they prefer the early cowboy tactics—do your lynching first and apologize later.—Cleveland Plain Dealer.

No Chance.

Fears that California will start something to irritate the Japanese this year may be put aside as groundless. With two shows soliciting nation-wide patronage, there is no chance for local trouble shooting up the box offices.—Omaha Bee.

Perfect Agreement.

Lord Roseberry thinks the war a blessing in disguise. We prefer our blessings plain and unvarnished.—Detroit Free Press.

Golden weddings can be celebrated only by the kind of married folks that go "fifty-fifty" together.—Washington Post.

"Billy" Sunday tells New York he can't go there until 1917. Now the ministers who don't want him have the remedy in their own hands. Let them hustle and improve conditions so much, that "Bill" won't be needed.—Pittsburgh Gazette-Times.

Uncle Walt

THE SHIFTLSS MAN.

His lot is strewn with broken dishes, tin cans, old shoes, a long dead pup, but he ignores the household's wishes, and will not clean the rubbish up. His wife remarks, "Go, spade the garden—what are your thumbs and muscles for?" and he replies, "I beg your pardon, I have to talk about the war. Josephus Jinks and Hiram Horner, and sundry other friends of mine, are waiting for me at the corner, to talk of Russia's battle line." "The roof is leaking to my sorrow, and you should fix it while it's dry," "I'll let it slide until tomorrow," the husband mutters in reply. "The news from France is most exciting—I want to know which side will win, and I downtown must now go kiting, to see the latest bulletin." Away from home he blithely chases, to loaf, when he should care a scud, to join the idlers keeping cases on Nicholas and Hindengrad. When winter once again carouses, with blizzards from the Arctic pole, he'll patronize the free soup-houses, and work the village for his coal.

Military Training a Valuable Part of College Education

By ALSTON ELLIS, President of Ohio University

WHEN I was president of the State Agricultural college at Fort Collins, Colo., I had charge of an institution in which the military drill was compulsory upon all male students. I favor that order of things in our educational institutions for the reason that the military training is splendid physical discipline for the young men and if properly conducted fits them to be of service to their country in case of emergency. HOWEVER, I PLACE THE PHYSICAL VALUE OF SUCH TRAINING ABOVE THE IDEA OF A BETTER PREPARATION FOR NATIONAL DEFENSE.

When the Spanish-American war began a number of the students in the institution with which I was then connected were prepared by reason of their military training to take positions as second lieutenants in the regular army. My understanding at the time was that the war department felt the need of the services of these young men and also recognized the fact that their training had eminently fitted them for the peculiar service then demanded.

WERE I TO HAVE MY WAY, THAT TRAINING WOULD BE A COMPULSORY PART OF THE EDUCATION OF EVERY MALE STUDENT WHO WAS NOT PHYSICALLY INCAPACITATED FOR SUCH EXERCISE.

Society

Easter week will see the monotony broken, which has prevailed during the Lenten season in things social, and a number of delightful events have been arranged. On Monday evening the Shrine banquet, which will be of elaborate appointments will be given in Masonic Temple. The Knights of Columbus will entertain with their annual Easter Ball on Easter Monday at the Assembly Hall; and on Tuesday evening April 6, the Alfreita Club will dance in Masonic Hall. On Tuesday afternoon the L. C. B. A. will give a card party.

On Monday evening one of the most elaborate banquets ever given in the city will be given by the Licking County Shrine club in the Masonic Temple. It is the Feast of Typho Eitull (which reversed, reads Little Egypt), and dinner will be served at 7 o'clock.

The committee members for the banquet are Messrs. Charles Browne, Joseph Lahey, and Warren Sutter, and a menu of ten courses has been arranged. The appointments will be delightful and following the banquet a cabaret entertainment will be given, the talent being secured from the Southern and Virginia Hotels of Columbus. After the entertainment the evening will be devoted to dancing.

Miss Thelma Warner was pleasantly surprised at her home Saturday afternoon in Monroe avenue, it being her tenth birthday. The afternoon was spent in games by the little ones, at a late hour a dainty lunch was served the following guests: Martha Mersendholder, Leora Jones, Ruth Cocanour, Esta McKnight, Helen Fairall, Dorothy Fairall, Elizabeth Baker, Anna Holman, Emma Holman, Velma Forgyraves and Ruth Warner.

Mrs. Warner was assisted by her daughter, Edith, and Thelma Fairall.

DAVIS-MORAN.
At 5:30 o'clock, Tuesday evening, the marriage of Elmer E. Davis and Estelle E. Moran was solemnized by the Rev. R. G. Bowden, associated pastor of the First Methodist Episcopal church, at his home in Tenth street.

Mr. Davis is a highly respected young man from near Appleton, while the bride is a beautiful and accomplished young lady of Newark. They will reside near Appleton. They have the best wishes of their many friends.

The Forester drill team has issued invitations for an informal dance to be given at the Modern Woodmen of America hall on April 19. A delightful dance program has been arranged for the occasion.

Miss Isabelle Somers will be the hostess to the members of two sewing clubs at her home in Pine street, on Thursday afternoon. The home will be arranged with flowers suggestive of the Easter season.

On Saturday evening, March 27, at the home of Mr. and Mrs. Adams, three miles southeast of Newark, a dinner was given by a number of their friends.

The evening was spent in conversation, games, singing and music, furnished by Oliver Williams and George Adams on the organ, and the singing was furnished by the Messrs. Helen and Edna Watson, Mary Darnes and Edith Layman.

The following guests were present: Messrs. and Mesdames Ed Williams, Bert Watson, Jackson Sherman, Joe Watson, George Miller, Frank Darnes, Oliver Williams, Roy Thompson, Harvey Irwin, Carl Ritchey, David Tav-

ener and George Adams; Messrs. Cora and Blanche Williams, Edna and Helen Watson, Mary, Harriet and Buelah Darnes, Edith Layman, Olive Francis and Esther Taverner, Edythe Thompson and Mary Emma Ritchey; Messrs. Breathe music sweet, telling
the time of year.
All nature sings, and in glad
antiphon,
Blent with the organ's tone,
The voice of man in praise to
heaven is borne.

On Easter morn.

Before the First Easter Day

ON Palm Sunday each year the minds of millions of Christians the world over are occupied with thoughts of a scene in Jerusalem.

On the eastern spur of the Mount of Olives lies the little town of Bethany, a few furlongs away from Jerusalem. On the memorable morning of his entrance into the city Jesus secured near Bethany the donkey upon which he made his memorable journey to Jerusalem. The occasion was the feast of the Passover, and pilgrims from Gallilee and eastern Judea, the localities in which his ministry had been performed, accompanied him upon the journey. As they beheld him riding on an ass (the royal beast in the days of David) the hopes of the multitude were suddenly revived. Quickly the news of his coming spread through the long lines of pilgrims. Those ahead tore palm branches from the trees by the wayside, while others spread their garments and cloaks along the way on which he was to pass, while they all joined in a triumphant song:

Hosanna to the son of David!
Blessed is he who cometh in the name of the Lord!
Hosanna in the highest!

Slowly the procession came around the southern end of the Mount of Olives, with the gorge of the Kedron to the south, until the wonderful city of Jerusalem burst into view. Then, descending into the valley, Jesus entered the city through this gate in the midst of a cheering multitude of people, who waved their palm branches before him. Just as the sun was setting behind the hills he found his way to the temple. He sought not a waiting throne, but a quiet place for worship. Then in the hush of the evening, refusing to give any encouragement to the selfish material hopes of the populace, he quietly returned to his humble home in Bethany.

The gate, as we see it today, is entirely sealed. Many hundred years after Christ had passed through it the city fell into the hands of the Turks, and it was their belief and fear that our Lord Jesus was about to return and re-enter the city through this gate. It was not their will that he do this, and they believed that, by sealing it up in this manner his coming would be prevented, and so it remains to this day, the Sealed Golden Gate, the most remarkable and interesting Biblical landmark in the world.

How to Dye Eggs.
If you will save the dry, brown skins from onions and boil the eggs with the onion skins long enough for the eggs to be hard you will obtain beautifully dyed Easter eggs of various shades of brown, with no taste of the onion and no danger of poison, as from some other dyes.—Woman's Home Companion.

Obituary

A. J. Downer.
Andrew J. Downer, aged 72, veteran of the Civil War died suddenly at his home on Dewey avenue, Monday evening at 5:30 o'clock, of heart failure. He had been ill the past few weeks but had sufficiently recovered during the last week to leave his home, and attend the G. A. R. meeting Saturday afternoon. He also was on the streets Monday afternoon. He had finished the evening meal and was seated in a chair reading the evening paper when he was stricken. He summoned his wife and asked her to call a physician, and while she was at a neighbor's home using the telephone, he died. Coroner Lawyer was summoned and pronounced death due to heart failure.

Mr. Downer was born and lived all his life in Cambridge and vicinity. He is survived by his wife and one daughter, Mrs. Charles Ford of Newark.

Funeral services will be held at the home Thursday afternoon at 1:30 o'clock.—Cambridge Jeffersonian.

Guy P. Cochran.
Guy P. Cochran, 27, son of Mr. and Mrs. James Cochran, of West Church street, died Tuesday afternoon at 4 o'clock at the home of his grandmother, Mrs. Sylvia Dennis of Jacksonville, where he was removed last Saturday.

Mr. Cochran was employed as a collector for the Prudential Insurance company, was a young man of excellent habits, and his friends were legion. He was well liked by all who knew him and up until his last illness was always industrious. He was graduated at the Jacksonville high school, was a member of the Beta Phi of this city and also a member of the Methodist Episcopal church.

Mr. Cochran's illness dates back to about two months ago since which time he has suffered with bronchial trouble. Besides the parents he is survived by a bride of four months, and two sisters, Mrs. Lella Neal of Hebron, O., and Miss Roxie Cochran of this city. Funeral services will be held on Thursday at 2 o'clock, standard time, at the Jacksonville M. E. church. Interment will be made in the Jacksonville cemetery.

Mrs. Mary A. Weisant.
Mrs. Mary A. Weisant, wife of P. P. Weisant, a farmer living north of the city, died suddenly Wednesday morning at 4:30 o'clock following an attack of acute indigestion. She was found dead in bed. She was apparently in good health Tuesday night when she retired after spending the evening with members of her family at the home of neighbors. Her husband arose about 4 o'clock and Mrs. Weisant was lying at that time. A short time later she was found dead. Coroner W. E. Jackson was called and after an examination found that acute indigestion had caused her death.

Mrs. Weisant was 55 years old and was a native of Licking county. She leaves her husband, five sons and four daughters. The sons are Walter, Lawrence, William, Clarence and Andrew. The daughters are Mrs. Bertha Wagner, Mary, Sarah, and Edna Weisant.

No arrangements for the funeral have been made.

Mr. Buchecker's Funeral.
The funeral of Thomas J. Buchecker, who died at Columbus Saturday, was held this afternoon from his late home south of the city.

All-steel cars are being experimented with on several railways in India. Metal freight cars have long been in use, but passenger cars have usually been built of teak wood resting on steel under-frames.

The highest determined point in Florida is Mount Pleasant, 391 feet above sea level, according to the United States geological survey. The approximate average elevation of the state is 100 feet above the sea.

They Fit As Though They Were Moulded To The Figure

That's the way one "PRINTZESS" enthusiast expressed it—and that's the impression that you receive when you see a "PRINTZESS" suit or coat worn on the street. They fit better than the majority of custom tailored garments—better, not just as good.

Come in and try on any of these coats or suits—see yourself in the mirror and you'll convince yourself.

The Most Beautiful Girl In Vassar

This is the prettiest girl in Vassar—Miss Elizabeth Remsen Van Brunt of the senior class. Not only was she unanimously named as the '15 beauty, but a host of admirers declared her the prettiest student in the entire college.

Miss Van Brunt's home is at 1241 Eighth-fourth street, Brooklyn. Early in her college career her comeliness won her distinction. In the sophomore year she was named as one of the twenty-four bearers of the Daisy Chain at the commencement exercises.

At the closing exercises of the college this June Miss Van Brunt will act as class marshal.

The Vassar College beauty is a little above medium height. Her hair is soft, brown, and wavy. Her eyes are grayish brown. She was always popular with her classmates, having been elected to several important offices. In her junior year she was vice-president of her class, and this year she was elected to the chairmanship of the senior parlour committee.

Secretary Bryan issued this statement:

The state department has from time to time received information directly or indirectly to the effect that belligerent nations had arranged with banks in the United States for credits in various sums. While loans to belligerents have been disapproved, this government has not yet taken any action in the premises and expressed no opinion on them.

The Russian government has been convinced by a number of Swiss engineers that it is perfectly feasible to bore a 16-mile tunnel through the Caucasus Mountains to join the Black and Caspian Seas.

THE SICK
George Priest was removed from the City hospital to his home, 154 Jefferson street, Wednesday, in the Baxter white ambulance. He is recovering from an operation for the removal of adenoids and tonsils.

Miss Ada Headley was removed Wednesday, in the Bradley ambulance from the home of her brother, Harry Headley, 148 South Sixth street, to the City hospital.

ADD SICK LIST
Mrs. Alex Baughman was removed from her home, 16 Sixteenth street, this morning at 10:45 o'clock, in Crisis Bros. ambulance to the B. & O. station, leaving for Magnetic Springs where she will take a course of treatment for rheumatism.

Mrs. Emeline Baughman was removed from the home of her father, John McKnight in Madison avenue, by the Crisis Bros. ambulance, and taken to the City hospital for treatment.

RUBBISH REMOVED FROM CITY PROPERTY
The ground opposite the B. & O. station owned by the city, has been thoroughly cleaned of all paper, boards, rubbish and fences and now presents a very respectable appearance. A number of gentlemen at the B. & O. station today suggested that it ought to be made into a park. It would make an ideal place for a small scenic garden and could be embellished in such a manner that it certainly would improve the surroundings in that locality.

STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils
Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief. Ah! how good it feels. Your nostrils are open, your head is clear; no more hawking, sneezing, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

There is really more luck in going to work than in spending all your time looking for four leaf clover.

Chicago Grain.
[ASSOCIATED PRESS TELEGRAM]
Chicago, Mar. 31.—Speculative selling today wiped out an early advance in the price of wheat. Higher quotations at Liverpool were chiefly responsible for the bulge. The setback that ensued was hastened somewhat by a favorable weather over the domestic winter crop belt. Opening prices which ranged from 1 1/2 to 1 3/4 cents higher were followed by some cases by a decline to below last night's level. Corn suffered from lack of support. Several big houses were conspicuous on the selling side. After opening unchanged to 1/2 cent off, the market continued to sag. Better weather eased oats. The bulk of the business, though, was between floor traders. Scarcity of buying orders made provisions weak. Lard especially was being pressed for sale.

New York, Mar. 31.—Specialties were again the features of chief interest during the day's early trading, some of the price of wheat. present movement. New Haven gained three points. Bethlehem Steel was comparatively neglected and Rock Island extended its gain to five points with a continuance of the extensive demand. Some of the motor shares closed as much as five points and less prominent specialties showed gains of two to three points. Bonds were strong.

CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a 'teaspoonful' of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

PUT STOMACH IN FINE CONDITION

Says Indigestion Results From an Excess of Hydrochloric Acid.

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by hyper-acidity, meaning, there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten sours in the stomach much like garbage sours in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we eructate sour food or have heartburn, flatulence, water-brash or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and drink while it is effervescent and furthermore, to continue this for a week. While relief follows the first dose it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys, and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice combined with lithia and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble, with excellent results.

New Admirals of the American Navy

Here are the new admirals of the American navy, who will hold the titles used on several occasions in the past by great commanders. For years the title has been in disuse, although Admiral Dewey was given the title after the battle of Manila. The highest title in the American navy has been rear admiral. Now the higher designation is revived for the benefit of men who have earned it.

After the act of congress provided for the creation of the admirals the president and secretary of the navy selected, it was expected they would, Rear Admirals Frank F. Fletcher, commander of the Atlantic fleet; Thomas B. Howard, commander of the Pacific fleet, and Walter C. Cowles, commander of the Asiatic fleet.

The only officers who have heretofore held the rank of admiral or vice-admiral were: David C. Farragut, appointed vice-admiral Dec. 21, 1864; and admiral July 25, 1866; David D. Porter, appointed vice-admiral July 25, 1866, and admiral Aug. 15, 1870; Stephen C. Rowan, appointed vice-admiral Aug. 15, 1870 and George Dewey, appointed admiral March 2, 1889.

DARKEN GRAY HAIR. LOOK YOUNG

Gray Hair Darkened So Evenly Nobody Will Know!—No Dye.

You can turn gray, faded, streaked with gray hair beautifully dark and lustrous almost overnight if you'll apply, a few times, Q-Ban Color Restorer to hair and scalp like a shampoo. Q-Ban is harmless, not sticky, delightful to use and darkens gray hair so naturally and evenly that no one can tell it has been applied. Q-Ban acts on the roots, makes gray hair healthy and produces that soft, dark lustre and abundance to the hair which makes the hair so fascinating and attractive, besides prevents dandruff, itching scalp and falling hair and promotes its growth. Try Q-Ban and you'll be delighted with your beautiful, soft, fluffy, dark hair and lots of it and youthful appearance. Money back if it fails to darken gray hair. Only 50c for a big 7-oz bottle. TO RENEW FIGHT FOR NATION-WIDE PROHIBITORY LAW

Washington, March 31.—The fight for nation-wide prohibition will be renewed with greater vigor than ever at the next session of congress. Senator Sheppard of Texas, announced today. Senator Sheppard started the movement for local prohibition in the District of Columbia which, however, failed of passage at the last session.

"We will renew the fight all along the line," he said, "as soon as congress convenes. I expect we will have strong support from the Republican side as well as from the Democratic party. The effort will be for both favorable action for submission of a proposed constitutional amendment for prohibition of the country over as well as local prohibition in the District of Columbia."

Senator Sheppard declared the action of Lloyd George, the British chancellor of the exchequer, denouncing drink as a greater foe to fight than either Austria or Germany, was significant. "The experience of Russia and the declaration of Chancellor Lloyd George as to what should be done there," said Senator Sheppard, "shows there is a world-wide movement for prohibition."

LARD

FROM AMERICA THROWN INTO PRIZE COURT BUT VESSELS WERE RELEASED

Two Norwegian, One American, and One Swedish Steamer Involved in Investigation.

(ASSOCIATED PRESS TELEGRAM)

London, March 31.—The Norwegian steamer *Thurns*, detained at Kirkwall on March 9 and later taken to Dundee, where her cargo of American lard was thrown into a prize court, has been released.

The American steamer *Antilla*, also loaded with lard, which was originally detained at Kirkwall on Feb. 26, in spite of the fact that her cargo had been inspected by British officials in New York, and which was later transferred to Dundee, will be permitted to resume her trip to Copenhagen, after discharging her cargo.

Two other vessels carrying lard and other supplies are involved in prize court investigations. One is the Swedish steamer *Grekland*, detained at Middlesboro since March 10. She is loaded with lard, bacon and lubricating oil. The other vessel is the *Frogner*, a Norwegian boat, detained at Kirkwall, March 15 and then transferred to Newcastle with her load of lard, meat and oleomargarine.

RUSSIAN ARMY OF CAUCASUS IN ARTILLERY DUELS

(ASSOCIATED PRESS TELEGRAM)

Petrograd, Via London, March 31.—The following official statement from the headquarters of the army of the Caucasus was issued last night:

"In the coastal districts there has been gun firing. Our troops acting on the offensive from Borchka and Ardanch, occupied Artvin, throwing the Turks back to the south.

"The left wing on the Sari-Kamysh front now is in action and there have been artillery duels.

"Nothing of importance has taken place on the other fronts."

A LILY FAIR ON EASTER DAY

DANCING IN CHURCH.

Forms a Part of the Easter Services in the Cathedral of Seville.

This cathedral at Seville has the distinction of being the only church in Christendom where dancing forms any part of any ceremony or service. Here a dance called the "Dance of the Seises" is performed before the high altar during holy week. It is in imitation of the dance of the Israelites before the Ark of the Covenant, and even in Spain is of very ancient origin. Imagine the cathedral on such an occasion crowded with people, seated and standing. In front of all the others are several rows of priests and church dignitaries, all in gorgeous vestments, who inclose a fair sized open place before the high altar. A piece of carpet covers the marble floor, on either side of which stands a row of boys from eight to twelve years of age, dressed like Spanish gentlemen of the middle ages, with white stockings and a large plume in the hat. At a signal from a priest the soft music of violins breaks the profound silence of the church and the boys proceed to execute several pretty and graceful figures. Later they join in a gentle and harmonious song, which in the obscurity of the vast cathedral sounds like a choir of angels, and finally they accompany dance and song with their castanets.

Two centuries and over ago an archbishop of Seville desired to put an end to this ceremony, thinking it unbefitting the church and the Master in heaven. But the people of Seville thought otherwise and were determined not to give it up without a struggle. The case was finally appealed to Rome. The pope of that day, thinking to appease the people of Seville and at the same time put an end to the dancing, gave his permission for the ceremony to be continued on condition that the dance should be given up as soon as the suits, which the boys then had, were worn out. What resulted? The suits have never been worn out. From time to time they have been skillfully repaired with a piece here and a piece there, and now, after two centuries, the suits are still as good as new, and the dance is still given.

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't care feeling, no ambition or energy, troubled with indigestion, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's recipe to bring color, lustre and thickness to hair when faded, streaked or gray.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggly, just an application of two of Sage and Sulphur enhances its appearance a hundred-fold.

Don't bother to prepare the tonic; you can get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," ready to use. This can always be depended upon to bring back the natural hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant. Agents, Hall's Drug Store.

The risk of being struck by lightning is estimated to be five times greater in the country than in cities.

DETERMINED

TO RAISE THE SUNKEN U. S. SUBMARINE F-4 IN HARBOR OF HONOLULU.

Secretary Daniels Wants to Learn the Cause of Accident, Cost What It May.

(ASSOCIATED PRESS TELEGRAM)

Washington, March 31.—Secretary Daniels was determined today to raise the sunken submarine F-4, in Honolulu harbor, no matter what the operation may cost. He wants to learn the cause of the accident so as to avoid similar disasters in the future.

This was made known after advices had been received from Rear Admiral Moore at Honolulu, which said that preparations were being made to raise the submarine by the pontoon method. The fact that the admiral reported the submarine evidently was waterlogged and therefore too heavy to be raised by the equipment previously employed banished the hopes of officials that any of her crew might be found alive.

Secretary Daniels announced that in the event of the failure of efforts now being made to raise the submarine the navy department would send the necessary equipment to raise her.

He said there was no truth in reports that he was dissatisfied with the work of naval authorities at Honolulu.

On the contrary, the secretary said, that they were doing everything possible to raise the submarine.

COFFINS READY FOR SUBMARINE CREW ON DOCK AT HONOLULU.

(ASSOCIATED PRESS TELEGRAM)

Honolulu, March 31.—Grapple cables attached to a heavy object, believed to be the lost submarine F-4, parted late yesterday and work was suspended for the night. The spot was carefully marked and it was announced another attempt would be made today to grapple the object.

The huge diving tube which engineers have been hastily constructing was completed last night. It was submerged in 35 feet and was left in the harbor until morning, in order to test its stability.

The city has been scoured to obtain 700 feet of reinforced hose to be used for air tubes.

Twenty-one coffins have been delivered at the navy dock for the ill-fated crew of the F-4.

AUSTRIAN COLUMN ANNIHILATED IN LESS THAN HOUR

(ASSOCIATED PRESS TELEGRAM)

Geneva, Via Paris, March 31.—Austrian losses in Lyutta valley and the province of Berge (northeast Hungary) on the day of March 28 are estimated at 18,000, according to dispatches received by Swiss newspapers. These advices state that a column of 4,000 Austrians was annihilated in less than an hour during a desperate action in Berge province six miles north of Verecke. Austrian troops in this territory are reported to be demoralized as the result of their enormous losses.

DRIVE OUT THAT PAINFUL RHEUMATISM

If you are bothered with Rheumatism and "every muscle in your body aches," rub the rubbing joints with Hoff's German Liniment, the famous stainless, greaseless, refreshing-odor pain chaser. It is pure and white as snow and it won't soil the finest clothes.

Hoff's German Liniment is made from the same formula that doctors use with such success in Germany. Emulsion of camphor and other effective, harmless ingredients are used. Every one knows the value of camphorated oil, but it leaves the pores open—making one susceptible to further cold. Hoff's German Liniment keeps the pores closed—keeps colds out.

Hoff's German Liniment is an unequalled remedy for Rheumatism, Lame Back, Neuralgia, Sore Throat, Cold on the Lungs, Cold in the Head, Aching Joints, Bruises, Burns, Sprains, Sore Feet, Corns, Bunions, etc. Used as directed, it quickly cures colds, coughs, croup, etc. Fine for children—fine for grown-ups. Pain doesn't linger when Hoff's German Liniment is used.

Sold in handy bottles by all druggists—quarter pint for a quarter; big size, 50c. Results absolutely guaranteed or druggist is authorized to return your money. Accept no substitute—they are not "just as good."

In Milady's Boudoir

BY GWEN SEARS.

THE BEAUTY OF THE MOUTH.

The expression of the mouth is the truest index of the disposition and temperament. If women would include the mouth in their ardent quest for beauty as well as the eyes, the complexion and the hair, they would discover that the facial expression would gain the desired effect in shorter time.

Close scrutiny would reveal many imperfections. Talking animatedly before a mirror quickly proves how unnecessary grimaces are made and their effect on the contour of the mouth and the appearance of the face in general.

It is not a simple matter to control the features, but relaxation—letting all tension of the muscles go—will assist very materially. Scrunching the lips around, biting them nervously as many do unconsciously, pulling the muscles of the cheeks and tightening the lips, are unsightly habits. The hanging of the lower jaw or opening the mouth is another practice that gives the foolish expression to the most intelligent face and tends to disfigure the mouth.

To relieve the nervous tension around the mouth, which is characteristic of American women, a series of gentle relaxing manipulations is of great benefit. Choose bedtime for this work or any leisure half hour. Lay the head back comfortably, relax the muscles of the face as a deep breath is exhaled. Then with the first and second fingers and the thumbs gently encircle the lips and chin, picking the flesh and quickly releasing it to coax away the tension and fatigue. After a few minutes of the work, take the fingers and push the middle of the broadest portion of the lips together to cultivate the enviable beauty bow. Push on one side and then the other alternately.

On the lower lip, gently push forward the center, when the lips are inclined to be too thin or flat. Drawing the finger back and forth over the lips will remove or assist in removing the lines which settle around the mouth.

GOOD MORNING EXERCISES.
If your eliminative organs are sluggish and have been very much

neglected you will need more strenuous measures. They must be stimulated to activity. This can only be done by proper exercises. One of the best for this purpose should be taken in bed before rising.

Before you get up in the morning lie straight with your hands at your sides. Then slowly raise the legs until they are at right angles, with the body. Lower just as slowly, and repeat ten times.

Now jump out of bed, and follow this exercise with another the purpose of which also, is to induce peristaltic action.

The next exercise is to stand erect, raise the hands over the head and twist the body to the right, at the waist line only, trying to touch the floor with the finger tips.

The legs are next in order. The hands should be placed on the hips and then the right leg should swing forward, alternating the movement with the left leg. This exercise will give suppleness to inactive muscles.

CARING FOR THE INTERIOR.
It is perfectly true that if we keep our bodies scrupulously clean inside and out we would not be troubled with pimples, muddy complexions, blackheads, open pores, liver spots, catarrh, or any other of the drawbacks which mar our personal attractions.

We are not, perhaps to blame for having let some of these ills befall us, for we have but followed the example of the rest of the world in taking care of the surface, and assuming that the machinery of the body would take care of the rest.

The interior of the body should be thoroughly cleansed daily, just as regularly as we take our daily shower and sponge and more luxurious beauty bath.

First comes the care of the nose. Milady should not neglect this daily spraying or even one occasionally, for there is nothing so disastrous to general health as a catarrhal discharge, not anything so annoying to other people as a constant clearing of the throat, however unobtrusively it is done.

Then the lining of the eyelids each morning and night should be washed with a solution of boric acid. For this treatment Madame should use an eye cup.

THIN FOLKS WHO WOULD BE FAT

Increase in Weight Ten Pounds or More

A Physician's Advice.

"I'd certainly give most anything to be able to fat up a few pounds and stay that way," declares every excessively thin man or woman. Such a result is not impossible despite past failures. Thin people are victims of mal-nutrition, a condition which prevents the fatty elements of food from being taken up by the blood as they are when the powers of nutrition are normal. Instead of getting into the blood all the fat and flesh producing elements stay in the intestines until they pass from the body as waste.

To correct this condition and to produce a healthy normal amount of fat the nutritive processes must be artificially supplied with the power which nature has denied them. This can best be accomplished by eating a Sargol tablet with every meal. Sargol is a scientific combination of six of the best strength-giving, fat-producing elements known to the medical profession. Taken with meals, it mixes with the food and turns the sugars and starches into rich, ripe nourishment for the tissues and blood and its rapid effect is remarkable. Reported gains of from ten to twenty-five pounds in a single month are by no means infrequent. Yet its action is perfectly natural and absolutely harmless. Sargol is sold by Evans Drug Store and other good druggists everywhere and every package contains a guarantee of weight increase or money back.

Caution:—While Sargol has produced remarkable results in the treatment of nervous indigestion and general stomach disorders, it should not, owing to its remarkable flesh effect, be used by those who are not willing to increase their weight ten pounds or more.

Every Day Etiquette

"Do you think it would be too formal to have place-cards when I intend to entertain but six guests? I have some clever idea in mind for the wording of the cards," inquired Mrs. So-and-so.

"— means have the name cards, for they not only avoid confusion in seating the guests, but if they are clever and unique they will serve to 'break the ice' and start conversation," replied her sister.

The biggest mushroom found in Maine in years was discovered the other day by Adelbert Nickerson on Bigelow Hill, in Skowhegan. It weighs 6 1-2 pounds, and measures nearly 13 inches across.

The Right Start in Music

YOU should be as careful in the selection of the piano as in the selection of the music teacher.

Both are important considerations. Not only does a cheap piano, like an incompetent teacher, give the beginner false ideas and a poor start in music, but it discourages this great study as well. Faulty ideas of tone and touch are drawbacks which the student will do well to avoid.

Crown Pianos

are built for tone, touch, beauty and durability. They are, first of all, musically correct. The scale is perfectly balanced; the tone full, round and rich. It remains pure under the softest pianissimo and the crashing forte. It is sweet and resonant. The action is sensitive and so finely adjusted and regulated that it responds instantly to all demands made upon it. As one lightly touches the keys, a feeling of confidence and mastery is instilled—so much so that the trained musician is led to exclaim, "Here is a real piano."

Crown Pianos are made in many artistic designs and from beautifully finished, strikingly

marked woods—the best that money can buy. Neither money nor effort has been spared to make the beauty of Crown Pianos worthy of their excellent musical qualities. Their very appearance suggests refinement and culture.

The greatest evidence of durability is the proof of what has occurred. Crown Pianos have been made for more than thirty years. Almost daily we hear favorably from satisfied owners who have received from them ten, fifteen, twenty years and more of service. There is no higher endorsement than the word of a satisfied customer.

MANY CHANGES IN LOCATIONS MADE APRIL 1

The first of April marks many changes in the business circles of Newark, many stores changing locations, and others being remodeled. Among the latter is the Avery-Loeb Electric company in North Third street.

Starting its fifth year in business the Avery-Loeb company has applied to the secretary of state for a charter with an authorized capital of \$100,000. Of the capital \$50,000 will be in 7 per cent preferred stock, and \$50,000 in common stock. The new organization, with headquarters in Columbus, will take over the total assets and liabilities of the old company, and the older employees of the company have been given an opportunity to participate in the reorganization.

Mr. E. A. Simms is in charge of the local store and will continue so, and the new organization, will make many improvements here. Beginning April 1, a new front will be placed in the North Third street store, the windows being greatly enlarged and a big extension will be built in the rear to accommodate the vast increase in the stock. Among other things the company will carry a much larger showing of lighting fixtures. The room when completed will be up to date and commodious in every detail.

Neglect of children's colds often lays the foundation of serious lung trouble. On the other hand, it is harmful to continually dose delicate little stomachs with internal medicines or to keep the children always indoors.

The healthy baby will soon learn to enjoy a bath properly given and show eagerness for it. The delicate baby should be bathed under direction of a physician. He may order a sponge bath only, or an oil rub. Children suffering with any form of skin disease should not be bathed unless the doctor orders it. Eczema and ringworm are both aggravated by soap and water bathing.

But the healthy baby should have his morning bath, between his six o'clock and nine o'clock feeding. It sends him off drowsy to his morning nap. When the baby is a year old, the hour of bathing may be changed to five-thirty in preparation for his night's sleep. In this way the child's entire being demands a bath, the sensation of cleanliness, and when he is able to bathe himself he will do it as mechanically and regularly as he removes his clothing to retire.

The most important habits of cleanliness are inculcated in a child by the mother's own care of the baby's diapers. If the baby is kept dry and clean from birth he will fret when he is wet and soiled. And from fretting over discomfort from uncleanness he will grow into habits of cleanliness. He will learn regularity and self-control.

Hair dressing for the little girl between the ages of four and fourteen has become an art. Tightly plastered locks and starched pig-tails belong to the child of the past. Miss Up-to-date, with clean complexion and rosy cheeks, has her face set in the softest frame of fluffy tresses, and her mother has no small task to keep them light and glossy.

When a child's scalp is healthy the hair should be washed once a week with pure castile soap and lukewarm water. This gives it the loose, fluffy look that is so essential. The best and quickest method of shampooing is to shave a small piece of the soap into very hot water and allow it to become thoroughly dissolved. Temper the water gradually until it does not burn the back of the wrist. Then, with the aid of a soft nail brush, which is kept expressly for the purpose, it is only a matter of five or ten minutes' work for a mother to cleanse the scalp and hair.

Care should be taken, that the hair and scalp are thoroughly dried, using plenty of dry towels and fanning vigorously at the end.

AUTO PLUNGED OFF A BRIDGE; FOUR DROWNED

(Associated Press Telegram)
Seattle, Wash., March 31.—Bodies of the four persons drowned in the Duwamish river last night, when an automobile fell off a bridge, 19 miles south of this city, were brought here today for burial.

Those drowned were Mr. and Mrs. Thomas W. Prosch, Miss Margaret L. Denny and Mrs. Harriet F. Beecher.

Mr. Prosch, who was 65 years old, was editor of the Post-Intelligencer for several years.

Mrs. Prosch was a daughter of General Morton M. McCarver, founder of the city of Tacoma. She was 61 years old.

Miss Denny was the daughter of Arthur A. Denny, who founded Seattle in 1851. She was one of the last survivors of the schooner load of people who landed in Seattle in November of that year. She was 70 years old.

Mrs. Beecher was the wife of Captain Herbert F. Beecher, son of the late Henry Ward Beecher, the Brooklyn clergyman. She was 55 years old.

25 Years Ago

(From Advocate, March 31, 1890.)
The neighboring village of Hanover is hard to beat in some respects. It has just 300 population and 75 horses.

T. S. Africa of Chatham, had his arm amputated while in Zanesville yesterday.

Harry H. Williams, the B. & O. barber, has removed his residence from Pataskala street to 62 Wilson street.

E. D. Everts, jr., of Barnesville, will now make his future home here, having accepted a position with Messrs. Starrett & Siegel, manufacturers of fine cigars.

15 YEARS AGO TODAY.

(From Advocate, March 31, 1900.)
W. N. Fulton returned home today from Marion, where he has been for several weeks.

Vincent DePaul, eldest son of Mr. and Mrs. John F. Carr, is sick at his home in Maple avenue.

Captain Jas. W. Owens, ex-member of congress from this district, died at his home in Church street, yesterday.

The stock of the Burlington Oil and Gas company has been sold to the Sugar Grove Oil and Gas company of Lancaster. A test will be put down near Homer.

James Armstrong will challenge anyone in the city on trimming fruit trees of any kind.

Fifty Years Ago Today. March 31.

Pickett's troops, consisting of cavalry and infantry, penetrated between Sheridan's line at Dinwiddie Court House and Warren's corps. Sheridan asked for reinforcements. At night Pickett concentrated his troops at Five Forks to defend the roads from Petersburg to Appomattox, along which Lee had planned to retreat. Pickett intrenched.

Twenty-five Years Ago Today.

VANATTA

There will be Sunday school next Sunday morning at 9 o'clock, preaching service and communion at 10 by Rev. H. L. Greenawalt, pastor. On Sunday evening an Easter entertainment will be given. Everybody welcome.

Mr. Rolio Baker of Columbus, is visiting at the home of his parents, Mr. and Mrs. Jacob Baker this week.

Mrs. Orr, McWilliams was the guest of Mr. and Mrs. Ora Weiss last Sunday.

Miss Bessie Greenawalt of Newark, is the guest of Miss Pearl Bline this week.

Mr. B. C. Patterson and family spent last Sunday at the home of their son, Mr. Elmer Patterson of Newark.

The Women's Home and Foreign Missionary society will meet Wednesday at the home of Mrs. Edward McKinney.

Mr. and Mrs. Frank Price were the guests of Mr. and Mrs. Chas. Rouse of Newark Sunday.

Miss Bertha Horner of Newark spent Saturday and Sunday at the home of her parents, Mr. and Mrs. Amos Horner.

Mrs. William Vanatta of Granville visited friends at this place last week.

Willie's Doubts.

William's uncle was a very tall, fine looking man, while his father was very small. William admired his uncle, and wished to grow up like him. One day he said to his mother:

"Mama, how did uncle grow so big and tall?"

His mother said: "Well, when uncle was a small boy he was always a very good boy, and tried to do what was right at all times; so God let him grow up big and tall."

William thought this over seriously for a few minutes, then said: "Mama, what kind of a boy was papa?"—Associated Sunday Magazine.

CASH REGISTER CRIMINAL CASE MAY BE DROPPED

(Associated Press Telegram)

Washington, March 31.—Whether the federal government shall go ahead with a new trial of its criminal suit against the Sherman anti-trust act, under officers of the National Cash Register company, whether it shall seek to bring the case before supreme court on a writ of certiorari, or abandon it entirely, was up for determination at a conference today between department of justice officials and United States District Attorney McPherson of Cincinnati. The case recently was ordered back for re-trial by the circuit court of appeals. The department's decision in the matter was to be based upon facts submitted by Mr. McPherson, who has been actively connected with the case since it was begun.

Regardless of what action the department may take in the criminal case, the civil suit for dissolution of the company will continue.

JUG RUN

Mr. and Mrs. Rudolph Rine spent Sunday with relatives at Goshen.

Mrs. Chas. Fry and children and Mrs. Herbert Huffman of Newark, are spending the week with their parents, Mr. and Mrs. Jacob Rinehart.

Mr. and Mrs. Joseph Dickerson and children, Mr. and Mrs. Jay Frampton and daughter, Doris, spent Sunday with Mr. and Mrs. E. D. Rinehart.

Mr. and Mrs. R. A. Rinehart spent Sunday with Mr. and Mrs. F. J. Rinehart.

Mrs. V. M. VanWinkle and daughter Anna spent Friday with Mrs. E. C. Howell.

Mr. Walter Clark and Harry Jones called on Mr. Howard Mizer Sunday morning.

The Commoisseurs.

Two farmers, attired in corduroys and galeros, were strolling through a picture gallery, where they looked, and apparently felt, decidedly out of place. But at last they brought up before a picture which really seemed to please them—a portrait of a lovely girl with a particularly ugly bulldog.

"This is something nice, Dick," said one.

"What is it called?"

Dick referred to the catalog. "Beauty and the Beast," he said.

The other man looked closer at the bulldog.

"Ah," he sighed, appreciatively, "he is a beauty, too!"—Tit-Bits.

FUR ANIMALS IN ALASKA ARE TO BE GIVEN PROTECTION

(Associated Press Telegram)

Washington, March 31.—An early move of the new house ways and means committee when congress convenes, will be to press for action on the bill to protect the fast-disappearing fur-bearing animals in Alaska. Committee members said today. The proposed legislation would enlarge the scope of the present law by making it unlawful, in addition to the killing of fur-bearing animals there, to injure, trap, hunt, disturb, catch or pursue them, as well as bear seals, harbor seals, sea lions and walruses.

CENTENNIAL

Mr. Walter Lamson of Utica, is assisting Charles Porter with his spring work.

Unconscious Humor.

Some of the finest jokes extant come through the fact that the printer's finger slips. Here are some which, like all others, are funny a long, long, long time afterward—never at the time.

A Chicago paper reported that the propeller Alaska was leaving port with a cargo of 40,000 bushels of oats.

A Buffalo paper, in describing the scene when Roosevelt took the oath of office as president, said it was a spectacle never to be forgotten when Roosevelt, before the chief justice of the supreme court and a few witnesses took his simple bath.—Associated Advertiser.

Adaptability is the art of making the best of it when you get the worst of it. Every woman knows what she would do if she were a man, and every man knows what he wouldn't do if he were a woman.

FIGHTING STOPPED ONLY A SINGLE DAY IN THE DUKLA PASS

(Associated Press Telegram)

Vienna (by Wireless to London), March 31.—The cessation of fighting in Dukla Pass lasted only 24 hours, the newspapers report. The Russians then bringing up fresh reserves.

Fighting in the valley of the On-dava and Laboreza has recommenced and now is in full swing. The Austro troops are fighting desperately and the Russians, it is reported here, in spite of furious attacks, with large forces, have not been able to gain their objective at any point for an invasion of Hungary. The fighting in the Carpathians is going on during a heavy rainfall.

The battle in Bukovina yesterday is reported to have resulted in favor of the Austrians.

MILLERSPORT

A cherry-blossom festival will be given by Miss Regenia Howell's pupils on April 30, at the town hall. Proceeds for the benefit of the school.

The pulpit of the Bible Christian church will be filled Thursday evening by a minister from Columbus.

Rev. Mr. McNeeland preached to a well-filled house Sunday morning at the M. E. church.

Frank White has been employed for the summer by Mr. Hoskinson.

Carl Hoffman has bought the ice cream factory of Thomas Smith.

Mr. Smith has bought Perry Downard house.

Bertha Hadnell has entered the post-office of Tac Farm and Fireside.

William Johnson says he would do anything in the world for you. "Hoskinson—I guess that right. He even ran away with my wife yesterday."

Howard Jackson, the well known
young violinist who has been on the
vaudeville stage the past season, ar-
rived in Newark last evening for a
week's visit, after which he will leave
for Chicago to join his troupe and
from there is booked through to the
coast and will wind up at the Pan-

to be present.

North Fork Fishing.
Scores of fishermen were lined
along the North Fork yesterday af-
ternoon in an effort to lure the
members of the funny tribe to the
sportsmen's hooks. The weather
was a little cold and but few bass
were taken. As soon as the tempera-
ture rises the North Fork fishing
should be excellent as the river has
been stocked with bass by the state
for the last half dozen years.

Falls Breaking Hip.
Mrs. Anne Bader, fell at her home
in West Locust street, on Sunday
evening, breaking her hip, and her
condition is serious. Mrs. Bader is
77 years old.

Successful Operation.
Ellen E. Toomey, daughter of Mr.
and Mrs. Daniel P. Toomey of rear
of No. 40 Granville street, underwent
an operation at the City Hospital to-
day by specialist, for the removal of
adenoids and tonsils. The young
lady stood the operation in a splen-
did manner and it was entirely suc-
cessful.

Error in Account.
Through an error it was stated in
Tuesday's paper that the recent pic-
tures of Mr. and Mrs. G. T. Nash
were taken a few "years" ago, when
it should have read a few "days"
ago.

Will Fight BUI.
Members of fire departments in
Ohio will make a strong fight against
the Barnes Bill introduced in the
legislature to take the right of fire-
men to appeal from the decision of
the safety director. Local firemen
have been notified that the bill will
be voted upon April 1 and have been
urged to ask their representative to
vote against the measure.

Mayor Higbee Ill.
Mayor R. C. Higbee returned to
his home immediately after the
morning session of police court Wed-
nesday. He is suffering from a se-
vere cold.

Got Suspended Sentence.
Two women and two men were ar-
rested by Police Chief Sheridan and
Captain Hager Tuesday night in an
East Church street house. One of
the women was charged with keep-
ing a resort and the others were charged
with visiting the place. The pro-
prietress was fined \$25 and costs and
the amount was suspended on condi-
tion that she leave the city at once.

Case Is Postponed.
The hearing of the case of Ohio
against Robert Darnes, charged in
police court with keeping his pool
room open on Sunday was continued
indefinitely owing to the illness of
Mayor Higbee and the absence of So-
licitor Norpell who is out of the city.

Meeting With Success.
W. L. Rucker, the real estate man
with offices above the First National
bank, is meeting with much success
since opening that office several
weeks ago. Mr. Rucker is originally
from Noble county and he and
Deputy Auditor C. W. Thompson are
friends of long standing, the two
gentlemen having fished in the Noble
county creeks when school lads sev-
eral years ago.

Conditions Improving.
M. J. Back, auditor of the Swisher
& Sons factories, returned today
from a week's delightful visit at
Greensburg, Pa. Mr. Back is
optimistic regarding the outlook for

business and states that there is a

perceptible improvement along all
lines. The manufacturing centers of
Pennsylvania are all taking on re-
newed activity and the outlook for
prosperous times is very encouraging.
Purchases His Former Restaurant.
Mr. C. E. Dillon has purchased the
Busy Bee restaurant at 27 South
Second street from Gus Martin. Mr.
Dillon formerly operated this res-
taurant for ten years.

Ill With Grip.
Mr. James Gallagher, freight con-
ductor on the B. & O. railroad is
quite ill at his home in 191 Central
avenue with the grip.

Meetings at Central Church.
The Evangelistic meetings at the
Central Church of Christ continue
to grow in interest and there have
been six accessions to the church
this week.

Walter Toothman, living north of
the city, on the Martinsburg road, was
injured on Wednesday at noon, when
while riding his motorcycle he colli-
ded with a switch engine at the Cedar
street crossing.

He and a companion had come to
town on their motorcycles and seeing
his companion crossing the tracks in
safety, did not bother to look for a
train, and collided with a Pennsyl-
vania switch engine. He was render-
ed unconscious. Criss Bros' ambu-
lance was called and he was removed
to the City hospital. Dr. Carl Evans
was summoned, who found he had suf-
fered a deep cut, about four inches
long, on the right leg, and minor
bruises, but it is not thought he was
injured seriously. The machine was
demolished.

GOOD IDEAS FOR CLEANUP
CAMPAIGN.

Various localities where clean-
up and paintup crusades are
waged appoint special commit-
tees of women and girls to aid
in the work.

Also many schools organize
their pupils into bands of dirt
annihilators. The young folks
are found to be especially effec-
tive in this sort of activity.

Most of them like to feel that
they have become old enough
and big enough to assist the
grownups in doing the grown-
ups' work.

There has been considerable criti-
cism of the action of the city in ac-
cepting the Peerless bid and while
no contract was made it was gener-
ally understood that a tentative
agreement was entered into, pen-
ning the delivery of the bonds when
the formal contract was to have been
signed. This had not been done.

It is known that a representative
of the Peerless company visited New-
ark and measured the ladders of the
present truck, which it was under-
stood, were to be used on the new ap-
paratus. This caused much criticism.
The ladders were known to be bad-
ly worn and it was further pointed
out that other bids were for appar-
atus with new equipment.

SOLLINGER'S MISTAKE.
Bud Sollinger, Newark's pugilist,
made a costly error in judgment in
his preliminary bout at Columbus
Monday night when he "fested" too
long after being floored by George
Crawford of Columbus, in the second
round. Sollinger was advised to re-
main on the mat while the referee
was counting him out and set on his
feet before ten was counted. Sol-
lenger failed to get up soon enough
and the tenth count found him still
on the floor.

His followers declared that he
wasn't hurt, that he was anxious to
continue the bout but the referee
wouldn't reconsider. His seconds
urged him to remain prostrate to
get full advantage of the rest while
he was being counted out.

GOOD VALUES GROW HERE

CITY TO ASK FOR NEW BIDS FOR APPARATUS

"Owing to conditions arising,"
the contract which has been prac-
tically awarded to the Curtin Wil-
liams company of Columbus for two
motor fire trucks and a motor
patrol will not be executed and
the city will re-advertise for bids on
the three automobiles as soon as the
necessary arrangements can be made.

It is said that more money will be
asked for so the city can ask for
bids for an aerial ladder truck in-
stead of the service truck which was
provided for in the former specifica-
tions.

Announcement that the city would
re-advertise for bids was made Wed-
nesday morning by Safety Director
Dayton. His statement contained no
other information than that "owing
to conditions arising, the board of
control has decided to re-advertise
for bids for motor fire and police
apparatus."

It is known, however, that a repre-
sentative of a firm which sub-
mitted bids a month ago, visited
Newark last Saturday and claimed
to have received a telegram from
Thomas Curtin of the Curtin Wil-
liams company, successful bidders,
saying that the Peerless company
which was to construct the fire
trucks had reconsidered its accept-
ance of the job.

There has been considerable criti-
cism of the action of the city in ac-
cepting the Peerless bid and while
no contract was made it was gener-
ally understood that a tentative

ning the delivery of the bonds when

FOUR LIVES LOST IN \$200,000 FIRE

(ASSOCIATED PRESS TELEGRAM)
Waterbury, N. Y., March 31.—
Four lives were lost and damage to
the extent of \$200,000 was done by
a fire, which practically destroyed
the village of Norfolk, in St. Law-
rence county, early today. Four-
teen stores were destroyed as well
as two hotels and several residences.
The dead are:
Mrs. J. Thomas her two children
and her sister.

Former Premier
of Greece Is Quite
Self-Satisfied

(ASSOCIATED PRESS TELEGRAM)
Paris, March 31.—Former Premier
Venizelos of Greece, who has return-
ed to Athens, after a short rest, has
made declarations to political friends
concerning concessions he obtained
during his ministry in regard to ter-
ritorial claims of Bulgaria, according
to Athens correspondent of the Hava
Agency. M. Venizelos is quoted as
saying:

"At the beginning of the war the de-
mands of Bulgaria included not only
Kavala, but Voden. These demands,
which were supported by certain pow-
ers, assumed a serious character, but
my line of policy was such that I
succeeded in obtaining the withdrawal
of this support from Bulgaria. Later
I succeeded also in arranging that no
cession of Serbian Macedonia should
be made to Bulgaria."

B. & O. WOULD GIVE NEWARK MEN ALL THE PREFERENCE

The morning papers stated that
twenty-five additional men would be
given employment Thursday, April 1
in the re-claiming plant of the B. &
O. at Zanesville. Local officials state
that they are not aware of any such
move, and the news probably origi-
nated from the fact that they sent down
a number of laborers to assist in load-
ing scrap into freight cars. No new
men are being added to the shops
here, and if any were to be given em-
ployment along this division Newark
would be given the preference.

First Methodist
Easter Program

Easter thought and music
will be the inspiration of a full pro-
gram of services next Sunday at the
First Methodist Episcopal church. The
first service is the class meeting at 6
a. m.

From 8.15 to 9.15 a reception and
social session will be held in the
church parlors. The full Sunday
school orchestra, augmented by sev-
eral new numbers with solos and
choirs. At 9.15 the Sunday school will
render an Easter service.

Dr. J. C. Arbuckle, district superin-
tendent, will preach at the morning
church service. Dr. Arbuckle has
spoken on two former occasions to
Newark audiences much to their de-
light and profit. Those who have
heard him will welcome the opportu-
nity to hear him preach on Easter
morning.

In the evening the choir will render
a musical program, the numbers of
which will be announced later.

Easter is a church day. There can
be no real Easter without worship and
meditation and church. The First
Methodist Episcopal church will wel-
come members, friends of the church
and Sunday school, visitors in the city
and the public in general. You are
invited to all these services.

May We Show You The New French Wilton Rugs?

A French Wilton rug in the home is the mark of perfect taste. When some dainty coloring is wanted to match a special decorative scheme, the French Wilton rug offers a perfect solution of the problem. Yet the prices are moderate, considering the quality and our new spring lines offer such a wide choice in size, coloring and design that the most exacting requirements can be satisfied.

French Wilton Rugs

FINE AS SILK

Are made to meet the requirements of those to whom Oriental Rugs appeal because of their rich luxurious colorings and odd designs, but who do not care to pay Oriental prices.

They are woven of the finest long fibre worsted, which gives them a texture so luxurious and a depth of tone and lustre so rich as to rival the choicest gems of the Orient.

French Wiltons are woven in exact replicas of the best Oriental designs, as well as in conventional and exclusive patterns.

If you are looking for the utmost in rug luxury come and see them.

Small Wilton Rugs

To match your room size rug—you will want small rugs for doorways and to throw about your room in odd corners. A big line in small Persian patterns, medallions and geometrical blocks, in blue and greens browns and tans, old rose and tans.

Fine Curtains and Draperies

The Curtains

The display in the curtain department is complete. You'll want to see our immense line of fine imported French and Swiss curtains before you make your selection. This showing includes Point-de-Gene, Irish Points, Brussels Nets, Tambour Nets, Cluny Marquisettes and Etamines in plain band border and solid all over effects on White, Ivory and Ecru grounds. A beautiful line at \$5.00 to \$12.50 pair.

The Draperies Imported Scotch Madras

The material now most in demand for curtains, over-drapery and door drapery, material in white and cream grounds in conventional and floral designs. In the colors, this material is beautiful, and you will find it an easy matter to match the color scheme of your room from the many color combinations we are showing such as rose and green, blue and old gold, rose and brown, red and green, two tone effect in brown green and tan. 48 inches wide. \$1.00 to \$1.50 yard.

Fine Nets

Imported nets in White, Ivory and Arabian grounds. These make such dainty draperies, and are unusually effective when used to drape small windows and doors. They are shown in the fine quality plain nets, small all-over designs and heavy fluted square effects, 36 to 48 inches wide. Price .50c to \$1.50 each.

Dusting, Cleaning and Polishing All At One Time With The Improved O'Cedar Mop

Easy, quick and satisfactory. No hard rubbing or stooping. You simply pass the mop over the floor, all the dust and dirt is collected and held, and the floor is given a hard lasting polish. The new model is made with a quick detachable adjustable handle, which makes it easy to clean the hard-to-reach places. It will be a splendid help to you with your housework. Only .75c each.

Matting Bags 50c Each

These are just what you want for shopping or short trips. They are light in weight and nicely made. Well riveted and finished with straps. An 18 inch size only. 50c each.

GERMANS REPORT RUSSIAN DEFEAT; MANY PRISONERS

(ASSOCIATED PRESS TELEGRAM)
Berlin, March 21.—By wireless to Sayville.—At the war office today the following announcement was made.

"West of Pont A Mousson, French attacks near and east of Regneville and in the forest of LePreire were repulsed. The enemy sustained heavy losses, and at only one place to the west of the forest of LePreire is the engagement still continuing."

"Hostile aviators yesterday threw bombs on the Bulgarian towns of Bruges, Ghastelles and Courtrai without doing any damage to military establishments. In Courtrai, near a hospital one Belgian was killed and one wounded."

"On the Russian frontier, in the district north of Memel, the banks of the river were cleared of the enemy. The Russians were defeated near Tannoggen and retreated in the direction of Schaudrahy."

"Russian forces which during the last few days advanced north of the Augustowo forest against the German position, were repulsed by Germans who advanced into the forest lake district near Sejny. The number of Russians taken prisoners in the engagement near Krasnopol and to the north and east was increased by 500. Near Klimki, on the Skwa, 220 more Russians were captured."

"Wohelo Means Work."
"We glorify work, because through work we are free. We work to win to conquer, to be masters. We work for the joy of working, and because we are free."

So chant the Campfire Girls around the mystic flame of the fire "Independence by Work" is the slogan of Associated Charities and the idea is being worked into the consciousness of Newark's dependent people.

But opportunities for work are coming as slowly as spring. The cold winds call for fuel after the coal-oil is empty. Shoes must be repaired, clothing replenished, and an out-of-door winter must be endured.

And funds are getting low in all treasuries. Every charitable agency has been overtaxed to meet the needs of winter and are unprepared for this prolonged cold. We need shoes and hose and clothing for all ages, particularly shoes for children and working men. But most urgent of all is our need of money to continue the out-of-door relief. We are turning away from thirty to forty men every day who don't ask alms, but beg for work. Please help us now with money.

Announcement.

The Volunteers and Friendly Visitors' class will meet in the council chamber, city hall, tomorrow, Wednesday, at 1:30 p. m. Two reports of special interest will be given and the second outline on the social survey will be distributed. Bring a friend.

Readers' View Point

Electric Light.

Editor of The Advocate:—I read with much interest Cap. Helsey's statement of yesterday giving his reasons for installing a dynamo for producing his own electric current. I note that Capt. Helsey's particular reason was that he had a surplus of power and decided to use it for producing electric current, which was a saving over purchasing it.

I note that his situation from economy standpoint in producing current is identical with that of the proposition to issue bonds to cover the cost of installing the necessary machinery in connection with our water works station to produce current for the city, except that he uses gas and the city would use coal for fuel. In either case there would be no additional cost for labor. His reason for producing his own current was my reason for voting for the bond issue.

Relative to Mr. Helsey's reference to the keeping up of lines and poles, will state that could not be a feature for consideration in discussing the cost of producing current, as lines and poles would have to be kept up in any event whether we produce our own or purchase current, as the matter under consideration was only the proposition of the cost of current delivered to the switchboard.

I desire to call attention to the advertisement in the Ohio State Journal on the 29th where Columbus in a large display ad was advertising that they could offer current for 3-4 of a cent per kilowatt to consumers of above 7500 kilowatts. On the same date there appeared in our local papers that it was costing the city of Columbus \$2188 per kilowatt to produce current, so you will readily see, that The Ohio Light & Power Company's Citizen was not making correct statements as to the cost of current because of it being offered at 3-4c per kilowatt in Columbus.

You will note that the difference between the proposition The Ohio

Light & Power Company first tried to sell their current to the city for and the price charged by Columbus would be a difference of what they claim we consumed of \$5,575 per year.

The Ohio Light & Power Company has installed the most modern equipment for producing current, therefore, should be in a position to produce current at a less cost than Columbus, which upon investigation I found to be a fraction over 1-2c per kilowatt.

I desire to state that we appreciate and honor Capt. Helsey as a citizen because of his being very generous and public spirited, and because he takes great interest in public affairs, but will have to take issue with the light question, because he seems to me to be overlooking what in the method by which the city expects to produce current. Capt. Helsey has taken into consideration the line and pole upkeep which are separate propositions.

I made a careful investigation as to the cost of producing current by different large plants, therefore, had to stand on my honest convictions because I knew current was being sold at much less price than that offered by The Ohio Light & Power Company.

Very respectfully,
W. H. CONLEY.
